TABLE OF CONTENTS

Section 1	Career Counseling Handbook	2
Section 2	Stream Selection Policy	3
Section 3	College Admission Guides	4
Section 4	Competitive Exam Guidance	5
Section 5	Career Guidance Q&A Knowledge Base	6

SECTION 1 · CAREER COUNSELING HANDBOOK

1.1 Career Counseling Philosophy

ABC International School believes that career guidance is an integral part of holistic student development. Our career counseling program helps students explore their interests, identify strengths, understand career options, and make informed decisions about their future. Career counseling is available to all students from Grade 8 onwards with specialized support for senior classes (Grade 11-12).

1.2 Career Counseling Services**Individual Counseling Sessions**

One-on-one sessions with career counselors to discuss interests, aptitudes, strengths, and career aspirations. Sessions are confidential and personalized. Students can book sessions through the school portal or by contacting the Career Guidance Office. Minimum 2 sessions per student per academic year is recommended.

Group Career Workshops

Monthly workshops covering topics like career exploration, stream selection, college admission process, competitive exam preparation, and interview skills. Workshops are conducted by career counselors and industry professionals. All students are encouraged to attend.

Aptitude & Interest Assessment

Standardized aptitude tests and interest inventories help students understand their strengths and preferences. Results are analyzed by counselors and discussed with students to identify suitable career paths. Assessments are conducted twice yearly (Grade 9 and Grade 11).

Career Resource Library

Comprehensive library with information on colleges, universities, courses, career paths, and professional opportunities. Resources include brochures, videos, online databases, and alumni success stories. Library is open to all students during school hours.

Alumni Mentoring Program

Successful ABC School alumni mentor current students, sharing their career experiences and guidance. Mentoring sessions help students understand real-world career paths and gain insights into various professions. Program is especially beneficial for Grade 11-12 students.

1.3 Career Counseling Team

Position	Name	Qualification	Specialization
Head of Career Guidance	Ms. Anjali Sharma	M.A. Psychology, Diploma in Career Counseling	Career counseling, aptitude assessment
Career Counselor (Science)	Mr. Rajesh Patel	B.Sc., Diploma in Career Counseling	Engineering, medical, research careers
Career Counselor (Commerce)	Ms. Priya Desai	B.Com, MBA, Diploma in Career Counseling	Business, finance, accounting careers
Career Counselor (Arts)	Mr. Vikram Singh	M.A. English, Diploma in Career Counseling	Humanities, media, civil services

SECTION 2 · STREAM SELECTION POLICY

2.1 Stream Selection Overview

Stream selection is a critical decision that shapes a student's academic and career trajectory. ABC School provides comprehensive guidance to help students choose the stream (Science, Commerce, or Arts) that best aligns with their interests, abilities, and career aspirations. Stream selection is done at the end of Grade 10, with students transitioning to Grade 11.

2.2 Available Streams & Subject Combinations

Science Stream

Core Subjects: Physics, Chemistry, Biology/Mathematics, English

Electives: Computer Science, Physical Education, Fine Arts

Career Paths: Engineering, Medicine, Research, Technology, Environmental Science

Eligibility: Minimum 70% in Grade 10, strong performance in Science and Mathematics

Commerce Stream

Core Subjects: Accountancy, Business Studies, Economics, English

Electives: Informatics Practices, Legal Studies, Physical Education

Career Paths: Accounting, Finance, Management, Banking, Entrepreneurship

Eligibility: Minimum 65% in Grade 10, strong performance in Mathematics and English

Arts Stream

Core Subjects: History, Geography, Political Science/Economics, English

Electives: Psychology, Sociology, Philosophy, Physical Education

Career Paths: Civil Services, Journalism, Law, Teaching, Social Work, Media

Eligibility: Minimum 60% in Grade 10, strong performance in languages and humanities

2.3 Stream Selection Process

- Grade 10 students receive information about streams and career options in January
- Aptitude assessment and interest inventory conducted in February

- Individual counseling sessions with career counselors in February-March
- Group workshops on stream selection and career paths in March
- Parent-teacher meetings to discuss stream selection in March
- Stream preference forms submitted by students by end of March
- Final stream allocation announced in April

2.4 Stream Selection Criteria

- Academic performance in Grade 10 (minimum percentage requirements)
- Performance in specific subjects (Science/Mathematics for Science stream, etc.)
- Results of aptitude and interest assessments
- Career aspirations and long-term goals
- Counselor's recommendation based on student's strengths
- Parental input and family considerations

SECTION 3 · COLLEGE ADMISSION GUIDES

3.1 College Admission Process Overview

The college admission process involves multiple steps including college selection, application submission, entrance examinations, and final admission. ABC School provides comprehensive support to students throughout this process, from college exploration to final enrollment.

3.2 Top Colleges for ABC School Graduates

Science Stream - Engineering & Medical Colleges

IIT Delhi, IIT Bombay, IIT Madras | NIT Trichy, NIT Warangal | AIIMS Delhi, CMC Vellore | VIT Vellore, Manipal Institute of Technology | BITS Pilani

Science Stream - Other Science Colleges

St. Xavier's College (Mumbai) | Fergusson College (Pune) | Miranda House (Delhi) | Ramakrishna Mission Vivekananda College (Chennai)

Commerce Stream - Top Colleges

Delhi School of Economics | Mumbai School of Economics | Narsee Monjee Institute of Management Studies (NMIMS) | FLAME University | Symbiosis Institute of Business Management

Arts Stream - Top Colleges

Delhi University (St. Stephen's, Miranda House) | Mumbai University (Elphinstone, Wilson) | Ashoka University | NALSAR University of Law | Symbiosis School of Media & Communication

3.3 College Admission Timeline

Timeline	Activity	Responsibility
Grade 11 (June-July)	College exploration and research	Student with counselor guidance
Grade 11 (August-September)	Entrance exam preparation begins	Student with coaching support
Grade 12 (January-March)	College applications submitted	Student with school support
Grade 12 (March-May)	Entrance exams conducted	Conducted by respective exam bodies
Grade 12 (May-June)	Merit lists and counseling	Colleges conduct counseling
Grade 12 (June-July)	Final admission and enrollment	Student completes admission

3.4 Application Requirements & Documents

- Completed application form (online or offline)
- Grade 10 and Grade 12 mark sheets
- Character certificate from school
- Passport-sized photographs (4-6 copies)
- Proof of identity and address (Aadhar/PAN)
- Entrance exam score card (if applicable)
- Caste certificate (if applicable for reserved category)
- Medical fitness certificate

SECTION 4 · COMPETITIVE EXAM GUIDANCE

4.1 Major Competitive Exams for Science Students

JEE Main & JEE Advanced

For admission to engineering colleges | Conducted by NTA | Exam dates: January and April (Main), May-June (Advanced) | Preparation: 12-18 months | Success rate: Top 2.5 lakh qualify for Main, top 15,000 for Advanced

NEET (National Eligibility cum Entrance Test)

For admission to medical colleges | Conducted by NTA | Exam date: May-June | Preparation: 12-18 months | Success rate: Highly competitive, top 1.5 lakh qualify

BITSAT

For admission to BITS Pilani | Conducted by BITS | Exam dates: May-June | Preparation: 12 months | Alternative to JEE for engineering

4.2 Competitive Exam Preparation Support

School-Based Preparation

ABC School provides specialized coaching for competitive exams through expert faculty. Daily practice sessions, mock tests, doubt-clearing sessions, and performance analysis are conducted. Students have access to comprehensive study materials and online resources.

External Coaching Options

School recommends reputed coaching institutes for competitive exam preparation. Coaching centers like Aakash, Allen, Resonance, and FIITJEE are popular choices. Students can opt for online or offline coaching based on their preferences.

Mock Tests & Practice

Regular mock tests are conducted to assess preparation level and identify weak areas. Mock tests simulate actual exam conditions and help students build confidence. Performance analysis and feedback are provided after each test.

4.3 Exam Preparation Timeline

- Grade 11 (June-December): Foundation building and concept clarity
- Grade 11 (January-March): Advanced problem-solving and practice
- Grade 12 (April-August): Intensive revision and mock tests
- Grade 12 (September-December): Final preparation and exam attempt

SECTION 5 · CAREER GUIDANCE Q&A KNOWLEDGE BASE

Q: When should I start thinking about my career?

A: Career planning should begin from Grade 8 onwards. However, it becomes more critical from Grade 9-10 when you need to decide on stream selection. Career counseling is available to all students from Grade 8, and we recommend at least 2 sessions per year.

Q: How do I know which stream is right for me?

A: The best way is to take an aptitude and interest assessment test. These tests evaluate your strengths, interests, and learning style. Combined with counselor guidance and your academic performance, you can make an informed decision about the right stream for you.

Q: What are the career options after Science stream?

A: Science stream opens doors to diverse careers including Engineering, Medicine, Research, Technology, Environmental Science, Pharmacy, Nursing, and many others. The specific career depends on your specialization and competitive exam performance.

Q: What are the career options after Commerce stream?

A: Commerce stream leads to careers in Accounting (CA), Finance, Banking, Management, Entrepreneurship, Economics, and Business Administration. Many commerce graduates pursue MBA or professional certifications like CA, CS, or CMA.

Q: What are the career options after Arts stream?

A: Arts stream offers diverse career paths including Civil Services (IAS/IPS), Law, Journalism, Teaching, Social Work, Psychology, Media & Entertainment, and Humanities research. Arts provides flexibility for pursuing various professional courses.

Q: What is the minimum percentage required for stream selection?

A: Science stream requires minimum 70% in Grade 10, Commerce requires 65%, and Arts requires 60%. However, these are guidelines, and exceptions may be considered based on aptitude assessment and counselor recommendation.

Q: How do I prepare for JEE and NEET exams?

A: ABC School provides specialized coaching through expert faculty. We conduct daily practice sessions, mock tests, doubt-clearing sessions, and performance analysis. External coaching from reputed institutes is also an option. Preparation typically requires 12-18 months of dedicated effort.

Q: What are the top colleges for engineering in India?

A: Top engineering colleges include IIT Delhi, IIT Bombay, IIT Madras, NIT Trichy, NIT Warangal, BITS Pilani, VIT Vellore, and Manipal Institute of Technology. Admission to these colleges is through JEE Main and JEE Advanced exams.

Q: What are the top colleges for medical studies?

A: Top medical colleges include AIIMS Delhi, CMC Vellore, St. John's Medical College, Manipal College of Medical Sciences, and Armed Forces Medical College. Admission is through NEET exam, followed by counseling and merit-based seat allocation.

Q: How do I apply to colleges?

A: Most colleges accept online applications through their official websites or common portals. You need to fill the application form, upload required documents (mark sheets, certificates, photographs), and pay the application fee. Our career counselors help students throughout the application process.

Q: What documents are required for college admission?

A: Required documents include Grade 10 and Grade 12 mark sheets, character certificate, passport-sized photographs, proof of identity and address, entrance exam score card, caste certificate (if applicable), and medical fitness certificate. Specific requirements vary by college.

Q: What is the importance of aptitude testing?

A: Aptitude tests help identify your strengths, weaknesses, interests, and learning style. Results guide stream selection and career planning. ABC School conducts aptitude assessments in Grade 9 and Grade 11 to help students make informed decisions about their future.

Q: Can I change my stream after selection?

A: Stream change is possible but discouraged after Grade 11 begins as it disrupts academic continuity. Students must have valid reasons and counselor approval. Stream change is generally allowed only within the first month of Grade 11.

Q: How can I contact the Career Guidance Office?

A: You can contact the Career Guidance Office at ext. 2789 or email careerguidance@abcschool.edu.in. Office hours are 9:00 AM - 4:00 PM, Monday to Friday. You can also book counseling sessions through the school portal.

Q: What is the alumni mentoring program?

A: The program connects current students with successful ABC School alumni who mentor them on career choices and experiences. Mentoring sessions help students understand real-world career paths and gain insights into various professions. Sessions are especially beneficial for Grade 11-12 students.

Q: Are there scholarships available for higher education?

A: Many colleges and universities offer merit-based and need-based scholarships. Government scholarships are also available for economically weaker students. Our career counselors provide information about available scholarships and help students apply for them.

Q: What is the scope of studying abroad?

A: Many ABC School students pursue higher education abroad in countries like USA, UK, Canada, and Australia. Our career counselors provide guidance on foreign universities, entrance exams (SAT, ACT, IELTS), visa procedures, and scholarship opportunities.

Q: How important are co-curricular activities for college admission?

A: Co-curricular activities, sports, and community service are important for holistic development and college applications. They demonstrate leadership, teamwork, and commitment beyond academics. Many colleges consider these factors during admission decisions.

Q: What should I do if I don't get admission to my preferred college?

A: If you don't get your first choice, consider other good colleges that match your interests and career goals. You can also explore gap year options, pursue higher education abroad, or consider alternative career paths. Our counselors help you evaluate options and make the best decision.
