- Question papers of previous years are released as sample papers only after a 6-month embargo.

Chatbot Q&A – Question Paper Workflow

Q: How are exam question papers prepared at ABC Powai?

Papers are then printed and sealed under strict confidentiality protocols.

Q: Can students request to see their question paper after the exam?

A: Evaluated answer scripts can be viewed during the re-evaluation window (see Section 17.7). Question papers are not separately released to students until they are published as sample papers after a 6-month embargo.

17.5 EXAM SEATING PLANS

Hall Allocation & Student Seating Arrangement

Seating Plan Policy

Seating plans are designed to prevent copying, ensure equitable supervision, and accommodate students with special needs. Plans are finalised by the Examination Coordinator 3 days before each exam and displayed at hall entrances 30 minutes before start.

- Special needs students (extra time/scribe) are allocated Room 204 with a dedicated invigilator.
- No student is permitted to change their allotted seat without invigilator approval.
- Seating charts are posted outside each hall entrance 30 minutes before exam start.
- Seating plans are archived for 3 years for audit purposes.

Chatbot Q&A – Seating Plans

Q: How do I find my seat for the exam?

A: Seating plans are displayed outside each examination hall 30 minutes before the exam begins. Your exam roll number (printed on your hall ticket) determines your seat. You may also check the school portal on the morning of the exam.

Q: Can I sit next to my friend during exams?

A: No. Seating is strictly determined by examination roll numbers, which are allocated to ensure students from the same class section are not in adjacent seats. This policy maintains examination integrity.

Q: Where are students with special needs seated?

A: Students with approved special educational needs are allocated Room 204, which has a dedicated invigilator and all necessary accommodations including extra time provisions, scribe facilities, and accessible seating.

Q: What happens if I sit in the wrong seat?

A: You must immediately inform the invigilator, who will direct you to your correct seat. If your answer script has been marked with the wrong roll number, you must report it immediately; corrections are recorded by the Chief Invigilator in the official incident log.

17.6 MALPRACTICE POLICY

Examination Integrity & Disciplinary Framework

Definition of Malpractice

Malpractice includes any act or attempt by a student to gain an unfair advantage in an examination. It encompasses, but is not limited to, the following categories:

Categories of Malpractice

Category	Examples
Copying / Collusion	Copying from another student's script; allowing copying; pre-arranged answers
Possession of Unauthorised Material	Chits, notes, printed material, programmable calculator (where not permitted)
Electronic Device Misuse	Mobile phone, smartwatch, Bluetooth earpiece in hall – regardless of use
Impersonation	Sitting in another student's place with intent to take the exam on their behalf
Tampering	Altering answers after submission; tampering with seal of answer booklet
Disruptive Behaviour	Threatening invigilators, causing disturbance, refusing to follow instructions
Plagiarism (IA/Projects)	Submitting work that is not one's own; undisclosed AI-generated content

Consequences

Severity	Action
Level 1 – Minor (first offence, minor material)	Warning; confiscation of material; incident recorded
Level 2 – Moderate (copying, device use)	Zero marks in the subject; parents informed; suspension from next exam
Level 3 – Serious (impersonation, tampering)	Zero marks in all subjects that session; suspension; board notified if applicable
Level 4 – Severe (repeat offence / criminal act)	Expulsion proceedings; police complaint if warranted

Malpractice Reporting Procedure

- Invigilator observes malpractice → notifies Chief Invigilator immediately (do not confront student).
- Chief Invigilator completes Malpractice Incident Form (MIF) with witness signatures.
- Student's answer script is seized; student allowed to continue on a fresh booklet under close observation.
- MIF submitted to Examination Coordinator within 24 hours.
- Examination Coordinator presents case to Malpractice Committee (Principal + VP + HOD) within 48 hours.
- Committee decision communicated to parents in writing within 5 working days.
- Student / parent may appeal within 7 days; appeal decided by Principal whose decision is final.

Chatbot Q&A – Malpractice Policy

Q: What is the penalty for using a mobile phone during an exam at ABC Powai?

A: Possession of a mobile phone or any electronic device in the examination hall – even if switched off – is treated as Level 2 malpractice. This results in zero marks for the subject in question, parents being notified, and the student being suspended from the next scheduled examination.

Q: What happens if I am caught copying during an exam?

A: Copying is a Level 2 malpractice offence. The invigilator will complete a Malpractice Incident Form, your original answer script will be seized, and you will continue on a fresh booklet under close supervision. The Malpractice Committee will then decide the penalty, which typically includes zero marks for the subject and a parent meeting.

Q: Can I appeal a malpractice decision?

A: Yes. Students or parents may submit a written appeal to the Examination Coordinator within 7 working days of receiving the Malpractice Committee's decision. The Principal reviews the appeal and the decision is final.

Q: Is using AI tools in assignments considered malpractice?

A: Yes. Submitting any Internal Assessment, project, or assignment that contains undisclosed AI-generated content is classified as plagiarism under the malpractice policy. All IA submissions require a signed academic honesty declaration.

Q: What is not allowed to be carried into the examination hall?

A: Students must not carry mobile phones, smartwatches, Bluetooth devices, programmable calculators (unless specifically permitted), notes, chits, extra sheets, or any written material other than the provided answer booklet and permitted stationery.

17.7 RE-EVALUATION POLICY

Option	Description	Fee	Outcome
Answer Script Viewing	Student views their evaluated answer script with teacher present	Free	Clarification only; no mark change
Recheck (Totalling)	Office checks for totalling errors, omitted questions	Rs 100/paper	Mark corrected if error found
Re-evaluation (Re-marking)	Paper re-marked by an independent senior teacher	Rs 300/paper	Higher, lower, or same mark; final

Re-evaluation Timeline

Stage	Activity	Deadline
Result publication	Marks uploaded on portal	Day 0

Appeal (if any)	Written appeal to Principal	Day 15 to Day 18
Final decision	Principal's decision is binding	Day 21

Important Rules

- Re-evaluation is available only for internal examinations; board exam re-evaluation follows respective board rules.
- Students must apply individually; parents cannot apply on behalf of a student above Grade 8.
- Re-evaluation fee is refunded if an error of 3 or more marks is found.
- The re-evaluated mark (whether higher or lower) replaces the original mark.
- Re-evaluation of practical examinations is not permitted.
- Students with IB assessments follow IB Academic Honesty Policy for appeals.

Chatbot Q&A – Re-evaluation

Q: How can I apply for re-evaluation of my exam paper?

A: Submit the Re-evaluation Application Form (available at the Examination Office or school portal) along with the applicable fee (Rs 100 for recheck, Rs 300 for full re-evaluation) within 7 days of result publication. Late applications are not accepted.

Q: What is the difference between a recheck and a re-evaluation?

A: A recheck verifies totalling of marks and checks for unevaluated questions – no re-marking is done. A re-evaluation involves the paper being marked afresh by a senior independent teacher. The re-evaluated mark, whether higher or lower, replaces your original mark.

Q: Can my marks go down after re-evaluation?

A: Yes. Re-evaluation is a complete re-marking exercise and the revised mark – whether higher, the same, or lower – will replace your original mark on record. Please consider this carefully before applying.

Q: Is the re-evaluation fee refunded if an error is found?

A: Yes. If the re-evaluation reveals a difference of 3 or more marks compared to the original, the fee of Rs 300 is fully refunded. No refund is given for smaller corrections.

Q: Can I appeal the re-evaluation result?

A: If you are still dissatisfied after re-evaluation, you may submit a written appeal to the Principal within 3 days of receiving the re-evaluation result. The Principal's decision after review is final and binding.

17.10 MARK MODERATION GUIDELINES

Ensuring Consistency, Fairness & Statistical Validity

Purpose of Moderation

Mark moderation is applied to ensure that the difficulty of a question paper, individual examiner severity, and any extenuating circumstances do not unfairly disadvantage or advantage a cohort of students. Moderation is a statistical and qualitative process applied ONLY to internal exams.

When is Moderation Applied?

- When the cohort average for a subject falls below 45% or above 85% of total marks.
- When the standard deviation of marks is unusually low (< 5) or high (> 25), suggesting paper difficulty issues.
- When an evaluator's marking pattern deviates significantly from the established marking scheme.
- When a subject has been evaluated by more than one teacher (cross-section papers) and inter-rater consistency is in question.
- At the discretion of the Academic Director when qualitative factors warrant review.

Moderation Methods

Method	When Used	How Applied
Linear Scaling	Overall cohort average below 45% or above 85%	marks scaled proportionally; top mark becomes 100% of max
Mean Adjustment	Cohort mean deviates $> 10\%$ from Consistent	added/subtracted to all marks; minimum 0, maximum paper marks
Boundary Adjustment	Grade boundary review	Grade boundaries shifted by Academic Director; individual marks unchanged
Paper-level Moderation	Multi-section evaluation inconsistent	One or more marks a sample; adjustment applied to outlier evaluator's scripts
Question Drop	A question found ambiguous/erroneous	Points awarded to all for that question; paper total recalculated

Moderation Governance

- All moderation decisions require documentation signed by Academic Director and Principal.
- A Moderation Report is prepared for every subject where moderation is applied.
- Moderation reports are archived for 5 years and made available to Board/Accreditation teams on request.
- Individual students are not informed of moderation; moderated marks are the official marks.
- No moderation is applied to external board examinations (IGCSE, ISC, IB) – those follow board-specific protocols.
- Parents may request to view the cohort statistics at a scheduled meeting; individual scripts remain confidential.

Grade Boundaries – Internal Examinations (Reference)

Grade	Marks Range (%)	Descriptor
A*	90 – 100	Outstanding – Exceptional depth of understanding
A	80 – 89	Excellent – Strong conceptual grasp with minor gaps
B	70 – 79	Very Good – Solid understanding with some areas to develop
C	60 – 69	Good – Satisfactory performance; revision recommended
D	50 – 59	Satisfactory – Basic understanding; significant gaps

Grade	Marks Range (%)	Descriptor
E	40 – 49	Below Average – Minimum pass; intensive support required
U	Below 40	Unsatisfactory – Does not meet minimum criteria; supplementary required

Chatbot Q&A – Mark Moderation

Q: What is mark moderation and does it affect my exam result?

A: Mark moderation is a statistical process applied to internal examinations to ensure fairness across the cohort. If the average marks for a subject are very low or if there are inconsistencies in evaluation, the Academic Director may apply a moderation. Moderated marks are the official marks; the process is transparent and documented but does not affect individual student rankings relative to each other.

Q: Can moderation result in my marks going down?

A: Moderation can theoretically adjust marks in either direction. However, in practice, downward moderation is extremely rare and applied only when there is evidence of excessive leniency in marking. Any moderation decision is approved by the Principal and documented formally.

Q: What grade do I need to pass at ABC International School?

A: For internal examinations, you need to score 40% or above (Grade E or higher) to pass. Scores below 40% result in a U grade (Unsatisfactory), and the student becomes eligible for the supplementary examination (subject to eligibility criteria under Section 17.8).

Q: Why are board exam marks not moderated by the school?

A: Board examinations (IGCSE, ISC, IB) are moderated independently by the respective examining bodies – Cambridge Assessment International Education, CISCE, and the International Baccalaureate Organization. The school has no authority to modify or moderate official board marks.

Q: What is an A* grade at ABC Powai?

A: An A* (A-star) is the highest internal grade at ABC International School Powai, awarded to students who score 90% or above in a subject. It signifies outstanding performance with exceptional depth of understanding across the full range of topics assessed.
