2	Inventory Registers	5
3	Asset Management Forms	7
4	Maintenance Request Forms	9
5	Vendor Onboarding Documents	11
6	Annual Maintenance Contracts (AMC)	13
7	Facility Inspection Checklists	15
8	Procurement Chatbot FAQ — 50+ Question-Answer Pairs	18

1. Procurement Policy & Purchase Authority Matrix

The Procurement Policy governs how ABC International School, Powai acquires goods, services, and works. It is designed to ensure value for money, transparency, accountability, and compliance with Maharashtra state procurement norms, GST regulations, and CBSE affiliation guidelines on institutional governance.

Policy Owner	VP Administration & Operations
Procurement Head	Mr. Prashant Joshi, Administrative Officer
Finance Oversight	Ms. Rekha Gupta, Finance Manager
Governing Authority	Principal (operational) Board of Trustees (capital > INR 10 lakh)
Procurement Types	Direct Purchase Quotation-based Tender (open / limited) Rate Contract
Fiscal Year	April 1 – March 31 (aligned with school academic and financial year)
GST Compliance	All purchases subject to GST verification; GSTIN of vendor mandatory for invoices > INR 5,000
MSME Preference	Preference to MSME-registered vendors where quality and price are comparable
Sustainability Clause	Environmental impact considered for all major purchases; BIS/ISI/ISO certified products preferred
Record Retention	All procurement records retained for 7 years per Income Tax Act and Trust audit requirements

1.1 Purchase Authority Matrix

Purchase Value (INR)	Approval Authority	Quotation Requirement	Tendering	Max Lead Time
Up to 5,000	HOD / Department Head	1 verbal / written quote	Not required	3 working days
5,001 – 25,000	VP Administration	2 written quotes minimum	Not required	5 working days
25,001 – 1,00,000	VP Admin + Finance Manager	3 written quotes minimum	Preferred	7 working days
1,00,001 – 5,00,000	Principal + Finance Manager	3 comparative quotes mandatory	Mandatory	14 working days
5,00,001 – 10,00,000	Principal + Finance Manager + VP	Open quotation / e-tender	Mandatory	21 working days
Above 10,00,000	Board of Trustees / Purchase Committee	Open tender with public notice	Mandatory	30+ working days
Rate Contract Items	VP Admin (within contract terms)	Pre-negotiated rate	Annual contract	As per contract
Emergency Purchase	Principal (up to INR 50,000)	Best available quote	Retrospective	Same day

1.2 Procurement Process Workflow

1	Purchase Requisition (PR) Department raises a PR in ERP or on paper. PR contains: item description, quantity, specifications, estimated cost, purpose, required date. HOD signs and forwards to VP Admin.
2	Budget Check Finance Manager confirms budget availability in the relevant cost centre. If unbudgeted: Principal approval needed before proceeding.
3	Market Survey / Quotation VP Admin / Procurement Officer contacts approved vendors. Minimum quotations as per Authority Matrix collected. GST inclusive quotes mandatory.
4	Comparative Statement (CS) A Comparative Statement table is prepared with all quotations side-by-side. Lowest qualifying bid recommended. Justification required if L1 (lowest) not selected.
5	Purchase Order (PO) Issuance PO issued in school letterhead via ERP. PO contains: vendor details, GSTIN, item specs, quantity, rate, delivery timeline, payment terms, penalty clause.
6	Goods Receipt Note (GRN) On delivery: department head and store-keeper physically verify items against PO. GRN raised in ERP. Discrepancies documented and vendor notified within 24 hours.
7	Invoice Processing & Payment Vendor invoice matched to PO and GRN (3-way match). Finance Manager approves. Payment within agreed terms (typically 30 days for regular vendors; 7 days for MSME).
8	Record Archival All documents (PR, CS, PO, GRN, Invoice, Payment proof) filed together in the Procurement Register (physical + ERP). Retained 7 years.

1.3 Prohibited Procurement Practices

- Split purchases to circumvent authority limits (e.g., splitting INR 1 lakh purchase into four INR 25,000 purchases) — strictly prohibited and auditable.
- Accepting gifts, hospitality, or kickbacks from vendors — grounds for immediate disciplinary action and termination.
- Issuing verbal purchase orders without written PO follow-up (except genuine emergencies, which must be ratified within 48 hours).
- Procuring from vendors without valid GSTIN for transactions above INR 5,000.
- Making advance payments without Principal approval and without a bank guarantee for amounts above INR 1 lakh.
- Using personal funds and seeking reimbursement for procurement above INR 10,000 without prior approval.

2. Inventory Registers

The school maintains itemised inventory registers for all consumable and non-consumable stock categories. Registers are maintained in Koha (for library), ERP (for IT and general), and physical ledgers (for stores). A physical stock verification is conducted every April.

2.1 General Stores Inventory Register Template

GENERAL STORES INVENTORY REGISTER — AY 2025–26									
Store Name / Location			Register No.						
Financial Year			Page No.						
Store Keeper Name			Reporting To (VP Admin)						
Item Code	Item Description	Unit	Opening Stock	Received (GRN)	Issued	Closing Stock	Reorder Level	Supplier	Remarks
STR-001	A4 Copy Paper (500 sheets/ream)	Ream	120	200	180	140	50	PaperMart India	
STR-002	Whiteboard Marker – Black	Box(10)	30	60	48	42	15	Camlin

2.2 IT Equipment & Technology Inventory Register (Sample)

Asset Tag	Item	Make / Model	Qty	Location	Purchase Date	Warranty	Condition	Custodian
IT-001	Desktop Computer	Dell OptiPlex 7090	30	Computer Lab 1	Jun 2022	3 yr	Good	Mr. Abhijit Pawar
IT-002	Desktop Computer	Dell OptiPlex 7090	25	Computer Lab 2	Jun 2022	3 yr	Good	Mr. Abhijit Pawar
IT-003	Laptop	HP ProBook 450 G9	15	Staff Room	Apr 2023	3 yr	Good	VP Academic
IT-004	Interactive Smart Board 75"	Samsung Flip Pro	78	All Classrooms	Jun 2023	3 yr	Good	Class Teachers
IT-005	Network Switch (24-port)	Cisco SG350	12	Server Room	Mar 2022	Lifetime	Good	IT Manager
IT-006	Wi-Fi Access Point	Ubiquiti UniFi U6	45	Campus-wide	Mar 2022	2 yr	Good	IT Manager
IT-007	Laser Printer	HP LaserJet Pro M404n	8	Admin & Library	Jun 2021	1 yr (AMC)	Good	Store Keeper
IT-008	Photocopier / MFP	Xerox AltaLink C8045	4	Admin Block	Jun 2021	AMC	Good	Admin Office
IT-009	CCTV Camera (Indoor)	Hikvision DS-2CD2143G2	96	Entire Campus	Jan 2023	3 yr	Good	Security Head

Asset Tag	Item	Make / Model	Qty	Location	Purchase Date	Warranty	Condition	Custodian
IT-010	NVR (Network Video Recorder)	Hikvision DS-7616 NI-K2/16P	6	Server Room	Jan 2023	3 yr	Good	IT Manager
IT-011	UPS (6 KVA)	Luminous Cruze	4	Server/Admin	Aug 2022	2 yr	Good	IT Manager
IT-012	Biometric Attendance Device	ESSL MB160 Multi-Bio	12	Entry Points	Apr 2023	2 yr	Good	HR / Admin
IT-013	Digital Projector	Epson EB-X51	10	Conference/Auditorium	Jun 2020	3 yr (exp.)	Good	Events Team
IT-014	PA System (Main Auditorium)	Ahuja / Bose	1 set	Auditorium	Jun 2019	AMC	Good	Events Team

2.3 Science Lab Inventory Register (Sample — Chemistry Lab)

Item Code	Item / Chemical Name	CAS No.	Quantity	Unit	Storage Condition	Hazard Level	Last Verified
CHEM-001	Distilled Water	7732-18-5	20 L	Litre	Room temp	Low (Non-hazardous)	Apr 2025
CHEM-002	Sodium Chloride (NaCl)	7647-14-5	2 kg	kg	Dry, cool	Low	Apr 2025
CHEM-003	Hydrochloric Acid 35% (HCl)	7647-01-0	2 L	Litre	Fume cupboard	High – Corrosive	Apr 2025
CHEM-004	Sulphuric Acid 98% (H ₂ SO ₄)	7664-93-9	1 L	Litre	Fume cupboard	High – Corrosive	Apr 2025
CHEM-005	Sodium Hydroxide (NaOH)	1310-73-2	500 g	grams	Dry, sealed	Medium – Caustic	Apr 2025
CHEM-006	Copper Sulphate (CuSO ₄)	7758-99-8	500 g	grams	Cool, dry	Low – Irritant	Apr 2025
CHEM-007	Phenolphthalein (indicator)	77-09-8	100 mL	mL	Dark bottle	Low	Apr 2025
CHEM-008	Litmus Paper (Red + Blue)	1393-92-6	10 books	books	Dry	Non-hazardous	Apr 2025
CHEM-009	Universal Indicator Solution	—	500 mL	mL	Cool, dark	Low	Apr 2025
CHEM-010	Beaker 250mL (Borosilicate)	—	20	Pcs	Shelf	Non-hazardous	Apr 2025
CHEM-011	Conical Flask 250mL	—	15	Pcs	Shelf	Non-hazardous	Apr 2025
CHEM-012	Bunsen Burner (brass)	—	10	Pcs	Bench	Medium – Fire risk	Apr 2025

*All hazardous chemicals stored per MSDS (Material Safety Data Sheet) and CPCB guidelines. Lab In-charge: Mr. Arvind Sharma.
Emergency: +91 98200 33333.*

3. Asset Management Forms

All capital assets (value > INR 5,000) are tagged, recorded in the Fixed Asset Register (FAR), and depreciated annually per the Income Tax Act Schedule II rates. The following forms govern the complete asset lifecycle from receipt to disposal.

3.1 Asset Receipt & Tagging Form

ASSET RECEIPT & TAGGING FORM			
Asset Tag No. (System Generated)		GRN Reference No.	
PO Number		Invoice / Bill No.	
Date of Receipt		Date of Asset Tag Affixed	
Asset Description (Full)		Asset Category	
Make / Brand		Model Number	
Serial Number / IMEI		Colour / Physical Description	
Purchase Cost (INR excl. GST)		GST Amount (INR)	
Total Cost incl. GST (INR)		Useful Life (years)	
Depreciation Method		Annual Depreciation Rate	
Location / Block / Room		Assigned To (Custodian)	
Vendor Name		Vendor GSTIN	
Warranty Start Date		Warranty End Date / AMC Details	
Store Keeper	IT Manager / HOD (if Tech)	Finance Manager	VP Admin

3.2 Asset Transfer Form

Use when an asset is moved from one location or custodian to another.

Asset Tag No.		Asset Description	
Current Location		New Location	
Current Custodian		New Custodian	
Reason for Transfer		Date of Transfer	

Transferring HOD	Receiving HOD	VP Admin	Store Keeper
------------------	---------------	----------	--------------

3.3 Asset Disposal / Write-Off Form

Use when an asset is condemned, auctioned, donated, or scrapped.

Asset Tag No.		Asset Description	
Original Purchase Date		Original Cost (INR)	
Written Down Value (WDV)		Reason for Disposal	
Disposal Method		Disposal Value (if sold / auctioned)	
Buyer / Recipient Name		Date of Disposal	

- Assets with WDV > INR 1 lakh require Board of Trustees approval for disposal.
- A Disposal Committee (VP Admin + Finance Manager + HOD) must physically inspect before write-off.
- Proceeds from asset sale credited to capital account; not to operational budget.
- IT assets: hard drives must be wiped (DoD 5220.22-M standard) before disposal; certificate retained.
- Scrapped assets: Scrap Dealer Receipt retained. Weight and value certified by Finance Manager.

HOD / Custodian	Finance Manager	Principal	Trust Signatory (if > 1 lakh)
-----------------	-----------------	-----------	-------------------------------

3.4 Fixed Asset Register — Sample Entries (Buildings & Major Equipment)

FA Code	Description	Location	Purchase Date	Gross Cost (INR)	Dep. Rate	WDV 2024–25 (INR)	Condition
FA-BLD-001	Main Academic Block (3-storey, RCC)	Campus North	2003	2,40,00,000	5% SLM	1,08,00,000	Good
FA-BLD-002	Auditorium & Multipurpose Hall	Campus Centre	2007	85,00,000	5% SLM	42,50,000	Good
FA-BLD-003	Sports Complex (Indoor)	Campus West	2010	62,00,000	5% SLM	34,10,000	Good
FA-BLD-004	Swimming Pool & Changing Rooms	Campus West	2012	78,00,000	5% SLM	47,00,000	Good
FA-EQP-001	Generator Set – 150 KVA (Cummins)	Generator Room	2019	18,50,000	15% WDV	9,24,000	Good
FA-EQP-002	Generator Set – 80 KVA (Cummins)	Block B	2021	12,80,000	15% WDV	7,85,000	Good
FA-EQP-003	Central AC Plant (100 TR Carrier)	Terrace	2020	28,00,000	15% WDV	15,80,000	Good
FA-EQP-004	RO Water Treatment Plant (500 LPH)	Kitchen/Mess	2022	4,20,000	15% WDV	3,02,000	Good

FA Code	Description	Location	Purchase Date	Gross Cost (INR)	Dep. Rate	WDV 2024–25 (INR)	Condition
FA-EQP-005	CCTV Surveillance System (96 cam)	Entire Campus	2023	18,60,000	40% WDV	11,16,000	Good
FA-EQP-006	Solar Panels – 50 KW Rooftop	Terrace	2023	32,00,000	15% WDV	27,20,000	Good
FA-VEH-001	School Bus 52-seat (Ashok Leyland)	Bus Yard	2019	28,50,000	30% WDV	7,84,000	Good
FA-VEH-002	School Bus 40-seat (Tata Starbus)	Bus Yard	2021	22,00,000	30% WDV	7,70,000	Good
FA-IT-001	Server Room Infrastructure	IT Room	2022	12,00,000	40% WDV	7,20,000	Good

4. Maintenance Request Forms

All maintenance and repair requirements are reported through the Maintenance Request system. Requests are logged in ERP, prioritised by urgency, and tracked to closure. The Maintenance In-charge is Mr. Suresh Kumar (Ext. 215 | maint@ABC.org).

4.1 Standard Maintenance Request Form

MAINTENANCE REQUEST FORM (MRF)			
MRF No. (Auto-generated)		Date of Request	
Requested By (Name & Designation)		Department / Section	
Location (Block / Floor / Room No.)		Asset Tag No. (if applicable)	
Nature of Work		Category of Maintenance	
Description of Problem (detailed)		Photo attached? ☐ Yes ☐ No	
Urgency Level		Preferred Completion Date	
Estimated Cost (if known)		Budget Head / Cost Centre	

Category of Maintenance (tick one)

☐ Civil / Structural	☐ Electrical / Wiring	☐ Plumbing / Drainage	☐ Carpentry / Furniture
☐ Painting / Waterproofing	☐ HVAC / Air Conditioning	☐ IT / Networking	☐ Security Systems / CCTV
☐ Lift / Elevator	☐ Fire Safety Equipment	☐ Sports Facility	☐ Swimming Pool / Water Feature
☐ Signage / Display Board	☐ Generator / Power	☐ Pest Control	☐ Cleaning / Housekeeping (special)

Urgency Classification

Priorit y	Label	Definition	Target Completion	Approval to Proceed
P1	CRITICAL — Emergency	Safety risk, learning disruption, potential injury or structural hazard	Within 4 hours	VP Admin verbal; written within 24 hrs
P2	HIGH — Urgent	Significant inconvenience; multiple rooms/users affected; exam period risk	Within 24 hours	VP Admin

Priorit y	Label	Definition	Target Completion	Approval to Proceed
P3	MEDIUM — Routine	Functional issue but workaround exists; limited user impact	3–5 working days	Maintenance In-charge
P4	LOW — Planned	Aesthetic or improvement; no operational impact; can be scheduled	7–14 working days	HOD + VP Admin
P5	PREVENTIVE — Scheduled	Routine scheduled maintenance as per AMC or maintenance calendar	As per schedule	VP Admin (annual plan)

4.2 Maintenance Completion Certificate

MRF No.		Date of Completion	
Work Carried Out (details)		Vendor / Technician Name & ID	
Parts / Materials Used		Cost of Repair (INR)	
Quality of Work (1–5)		Any Follow-up Required?	
Maintenance In-charge	HOD / Requestor	Finance Manager (if > INR 5,000)	VP Admin

4.3 Preventive Maintenance Calendar — Annual Schedule

Facility / System	Maintenance Type	Frequency	Month(s)	Vendor / Agency	Estimated Cost (INR)/yr
Generator (150 KVA)	Load test + oil change + filter	Quarterly	Apr, Jul, Oct, Jan	Cummins Service	48,000
Generator (80 KVA)	Same as above	Quarterly	Apr, Jul, Oct, Jan	Cummins Service	36,000
Central AC (100 TR)	Filter clean + coolant check + service	Bi-monthly	Jun, Aug, Oct, Dec, Feb, Apr	Carrier India	72,000
Classroom AC units (Split)	Filter cleaning + gas refill if needed	Bi-annually	Jun, Dec	Local HVAC vendor	45,000
Lifts (2 units)	Monthly inspection + annual AMC	Monthly + Annual	Monthly + Jun	Otis / Schindler India	60,000
Fire Extinguishers (80 units)	Physical inspection + refill	Annual	April	Fire Safety Vendor	24,000
Fire Alarm System	Testing + panel check + sensor clean	Bi-annually	April, October	Firefly Systems	18,000
CCTV System (96 cameras)	Lens clean + DVR check + cable inspect	Quarterly	Apr, Jul, Oct, Jan	Hikvision Partner	12,000

Facility / System	Maintenance Type	Frequency	Month(s)	Vendor / Agency	Estimated Cost (INR)/yr
RO Water Plant (500 LPH)	Filter replacement + membrane clean	Quarterly	Apr, Jul, Oct, Jan	Aquaguard / Kent	20,000
Swimming Pool	Water test + chemical balance + pump	Weekly	Weekly (Jun–Mar)	Pool Management Co.	84,000
Solar Panels (50 KW)	Panel cleaning + inverter check	Monthly	Every month	Tata Power Solar	18,000
Electrical Panels / Switchgear	Annual thermographic scan + testing	Annual	April	Licensed Electrical Cont.	30,000
Plumbing & Drainage	Drain flush + pipe inspection	Bi-annually	April, October	Plumbing Contractor	24,000
Painting (exterior)	Touch-up + waterproofing coat	Annual	April–May (vacation)	Painting Contractor	1,80,000
Pest Control	Full campus fumigation	Monthly	Every month	Pest Control Services	36,000
Auditorium AV System	Speaker + projector + mixing board check	Bi-annually	June, December	AV System Vendor	24,000

5. Vendor Onboarding Documents

All vendors supplying goods or services to ABC International School must complete the vendor onboarding process before receiving a Purchase Order. Onboarding ensures KYC compliance, quality assurance, and MSME/GST verification.

5.1 Vendor Registration Form

VENDOR REGISTRATION FORM

PART A — BUSINESS IDENTITY

Vendor / Company Name		Type of Entity	
Registered Office Address		Operational Address	
City / State / PIN		Year of Establishment	
Primary Contact Name		Designation	
Contact Mobile		Contact Email	
Website / LinkedIn		Alternative Contact	

PART B — STATUTORY DETAILS

GSTIN		PAN Number	
MSME Registration No. (if applicable)		MSME Category (Micro / Small / Medium)	
Import Export Code (IEC, if applicable)		Drug Licence No. (if pharma/medical)	
Labour Licence No.		ESI / PF Registration No.	
Shops & Establishment Certificate No.		Professional Tax Registration	

PART C — BANK DETAILS (for payment via NEFT/RTGS)

Bank Name		Branch Name & Address	
Account Number		Account Type	
IFSC Code		MICR Code	

PART D — SUPPLY CATEGORY & CAPABILITY

☐ Office Stationery & Supplies	☐ IT Hardware & Peripherals	☐ IT Software & Licenses
---	--	---

■ Furniture & Fixtures	■ Civil / Construction Works	■ Electrical Works & Materials
■ Plumbing & Sanitation	■ Painting & Waterproofing	■ HVAC / AC Services
■ Security Services	■ Housekeeping & Facilities	■ Pest Control
■ Catering & Food Services	■ Transport / Fleet	■ Laboratory Equipment & Chemicals
■ Sports Equipment	■ Medical Supplies	■ Books & Publications
■ Printing & Stationery (bulk)	■ Uniform & Garments	■ Audio-Visual & Events
■ Generator & Power Equipment	■ Fire Safety Equipment	■ Lift Maintenance

PART E — REFERENCES & QUALITY CERTIFICATIONS

Reference Client 1 Name		Contact & Phone	
Reference Client 2 Name		Contact & Phone	
ISO / BIS / FSSAI Certification No.		Valid Until	
Any blacklisting by Govt. / school?		If yes, details	

5.2 Vendor KYC Document Checklist

■ GST Registration Certificate (GSTIN)	■ PAN Card (Company / Proprietor)
■ Certificate of Incorporation / Partnership Deed / Proprietorship declaration	■ MSME Registration Certificate (if applicable)
■ Cancelled Cheque (bank account verification)	■ 3 years of ITR filings (for contracts > INR 5 lakh)
■ Audited Balance Sheet (last 2 years, for contracts > INR 5 lakh)	■ Directors' / Partners' Aadhaar & PAN
■ ISO / Quality Certifications (if claimed)	■ FSSAI Licence (for food/catering vendors)
■ Drug Licence (for medical/pharmaceutical supply)	■ Labour Licence + EPF/ESI registration (for service vendors with staff)
■ Police NOC / Character Certificate (for housekeeping, security vendors)	■ Reference letters from 2 institutional clients
■ Signed Vendor Code of Conduct	■ Non-Disclosure Agreement (NDA) — for IT / sensitive data vendors

5.3 Vendor Performance Rating System

Rating Parameter	Weightage	5-Star Criteria	1-Star Criteria
Delivery Timeliness	25%	Always delivers on or before committed date	Frequent delays; missed deadlines

Rating Parameter	Weightage	5-Star Criteria	1-Star Criteria
Quality of Supply	25%	Zero defects; consistent with specifications	Frequent rejections; sub-standard quality
Pricing Competitiveness	15%	Consistently competitive; no hidden charges	Overpriced; frequent price revisions
Invoice Accuracy	10%	Correct GSTIN, HSN, amounts; no errors	Frequent invoice errors; delays in corrections
Responsiveness	10%	Responds within 4 hours; proactive communication	Slow response; difficult to reach
After-Sales / Support	10%	Prompt resolution; no chase needed	Poor support; issues unresolved
Statutory Compliance	5%	Up-to-date GST, PF, ESI filing	Non-compliant; GST mismatch
Rating Frequency	Annual review in March + ad-hoc after every major delivery/project		
5-Star (4.5–5.0)	Preferred Vendor status; auto-invited for next year RFQ		
3-Star (3.0–4.4)	Regular Vendor; may continue; areas for improvement documented		
Below 3-Star	Caution list; not invited for new RFQs; existing contracts reviewed		
Blacklisting	Fraud, persistent non-performance, data breach, or legal violations; no future business		

6. Annual Maintenance Contracts (AMC)

Annual Maintenance Contracts ensure systematic upkeep of critical school infrastructure and equipment. All AMCs are reviewed annually in February for renewal in April.

6.1 Active AMC Register — FY 2024–25

AMC Code	Equipment / Service	Vendor	Contract Value (INR)	Period	Type	SLA Response Time
AMC-2024-001	Generator Set – 150 KVA (Cummins)	Cummins India Ltd.	48,000	Apr 24–Mar 25	Comprehensive	4 hours
AMC-2024-002	Generator Set – 80 KVA (Cummins)	Cummins India Ltd.	36,000	Apr 24–Mar 25	Comprehensive	4 hours
AMC-2024-003	Central AC Plant – 100 TR (Carrier)	Carrier Midea India	72,000	Apr 24–Mar 25	Comprehensive	6 hours
AMC-2024-004	Split ACs – 85 units	Cool Care HVAC Pvt. Ltd.	45,000	Apr 24–Mar 25	Non-comp. (parts extra)	8 hours
AMC-2024-005	Lifts – 2 units (Otis)	Otis Elevator Co. India	60,000	Apr 24–Mar 25	Comprehensive	2 hours
AMC-2024-006	CCTV + NVR System (96 cameras)	Hikvision Authorized Partner	12,000	Apr 24–Mar 25	Non-comp.	6 hours
AMC-2024-007	Fire Alarm + Suppression System	Firefly Fire Systems	18,000	Apr 24–Mar 25	Comprehensive	4 hours
AMC-2024-008	RO Water Treatment Plant	Aquaguard (Eureka Forbes)	20,000	Apr 24–Mar 25	Comprehensive	8 hours
AMC-2024-009	Photocopiers – 4 units (Xerox)	Xerox India Ltd.	1,44,000	Apr 24–Mar 25	Comprehensive	Next business day
AMC-2024-010	PA System + AV Equipment	Ahuja Radios	24,000	Apr 24–Mar 25	Non-comp.	24 hours
AMC-2024-011	Solar Panel System – 50 KW	Tata Power Solar	18,000	Apr 24–Mar 25	Comprehensive	24 hours

AMC Code	Equipment / Service	Vendor	Contract Value (INR)	Period	Type	SLA Response Time
AMC-2024-012	Swimming Pool Management	Aqua Blue Pool Services	84,000	Jun 24–May 25	Managed Service	Same day
AMC-2024-013	Pest Control (campus-wide)	HiCare Services	36,000	Apr 24–Mar 25	Monthly service	48 hours
AMC-2024-014	Biometric Devices – 12 units	ESSL Technology	18,000	Apr 24–Mar 25	Comprehensive	Next business day
AMC-2024-015	ERP Software (Entab CampusCare)	Entab InfoTech Pvt. Ltd.	5,40,000	Apr 24–Mar 25	SaaS + Support	4 hours (critical)
AMC-2024-016	Library Management (Koha ILS)	Byrd Systech Pvt. Ltd.	72,000	Apr 24–Mar 25	Software AMC	8 hours
AMC-2024-017	Electrical Panel & Wiring Safety	Licensed Electrical Cont.	30,000	Apr 24–Mar 25	Annual inspect.	As scheduled
AMC-2024-018	Housekeeping – 24 staff	Clean King Services	32,40,000	Apr 24–Mar 25	Managed Service	Immediate
AMC-2024-019	Security Guards – 12 posts	SecureWatch Systems	18,00,000	Apr 24–Mar 25	Managed Service	Immediate
AMC-2024-020	IT Network Infrastructure	Cisco Partner – NetWiz	1,80,000	Apr 24–Mar 25	Non-comp.	4 hours

6.2 AMC Agreement Template — Key Clauses

Clause	Clause Title	Key Content
1	Parties	Full legal names, addresses, GSTIN of school (ABC Education Trust) and vendor
2	Scope of Services	Detailed maintenance schedule, frequency, activities covered, activities excluded
3	Service Levels (SLA)	Response time, resolution time, uptime guarantee (if applicable), penalties for breach
4	Contract Period	Start and end dates; renewal clause (30-day notice for non-renewal)
5	Contract Value	Annual fee, GST breakup, payment schedule (quarterly/monthly), invoice format
6	Spare Parts	Comprehensive: parts included. Non-comprehensive: parts charged at actual + agreed markup
7	Penalty Clause	Downtime beyond SLA: 1% of monthly AMC per day up to 10%; then right to terminate

Clause	Clause Title	Key Content
8	Emergency Response	Critical breakdown protocol, 24×7 contact, escalation matrix
9	Confidentiality	School data, student details, CCTV footage — strictly confidential; NDA embedded
10	Data Protection	DPDP Act 2023 compliance for any IT/software AMC vendors
11	Termination	For cause (material breach): immediate. For convenience: 30-day written notice
12	Insurance	Vendor to maintain CGL, Workmen's Compensation; school name as additional insured
13	Governing Law	Maharashtra courts; arbitration under Arbitration & Conciliation Act 1996
14	Statutory Compliance	PF, ESI, GST compliance for vendor staff; school not liable for vendor labour disputes
15	Force Majeure	COVID, flood, earthquake, govt. order — neither party liable; 30-day notice, then re-negotiate

7. Facility Inspection Checklists

Facility inspections are conducted at defined frequencies by designated staff. Completed checklists are filed in the Maintenance Register and reviewed monthly by the VP Administration. Critical failures trigger an immediate MRF.

7.1 Daily Facility Inspection Checklist (School Opening — 7:30 AM)

#	Area / Item	Check Point	Status (✓ / ✗ / NA)	Remarks
1	Main Gate & Entry	Gate opens on time; security present; visitor register ready		
2	Reception Area	Reception desk staffed; clean; no clutter; notice boards updated		
3	Corridors (all floors)	Clear of obstacles; lights functioning; CCTV operational		
4	Classrooms (all)	Clean; furniture intact; Smart Board on; fans/AC working; chalk/markers available		
5	Toilets – Students (Boys)	Clean; water supply; soap; tissue; no blockage; exhaust fan on		
6	Toilets – Students (Girls)	Clean; water supply; soap; tissue; sanitary bin; exhaust fan on		
7	Staff Toilets	Clean; water; soap; functional		
8	Staff Room	Clean; computers on; AC/fans working; notice board updated		
9	Principal's Office	Clean; AC working; ready for meetings		
10	Science Labs (3)	Benches clean; gas valves closed; chemicals secured; first aid kit present		
11	Computer Labs (3)	All PCs on and functional; keyboard/mouse intact; AC working; antivirus updated		
12	Library	Doors open at 7:45 AM; shelves tidy; issue counter staffed		
13	Auditorium	Clean; chairs aligned; AV system standby; AC working		
14	Canteen / Cafeteria	Cleaned; serving counters ready; FSSAI display visible; gloves/caps for staff		
15	Sports Ground	No debris or glass; boundary marking visible; equipment stored properly		
16	Swimming Pool	Water tested; pump running; lifeguard on duty; pool area clean		
17	Parking Area	Clear of unauthorized vehicles; security present; line markings visible		

#	Area / Item	Check Point	Status (✓ / ✗ / NA)	Remarks
1 8	Generator Room	Generator on standby; fuel level >50%; room locked; CO detector active		
1 9	Server Room	Temperature <22°C; UPS on; access log signed; no unauthorized entry		
2 0	First Aid Room	Nurse present; first aid kits stocked; emergency numbers displayed		
2 1	Drinking Water Points	RO filters running; taps clean; no leakage; water quality display current		
2 2	Fire Extinguishers	Visible; within inspection date; seals intact; pressure gauge in green		
2 3	Emergency Exits	Clear; signs lit; push-bar functional; not locked from inside		
2 4	Ramps & Accessibility	Wheelchair ramps clear; handrails secure; accessible toilets functional		
Housekeeping Supervisor		Security In-charge	VP Administration	

7.2 Monthly Electrical Safety Inspection Checklist

#	Location / System	Inspection Item	Result (Pass/Fail/NA)	Action Required
1	All classrooms	Switchboards — no exposed wiring, all switches functional		
2	All classrooms	MCB (Miniature Circuit Breakers) — none tripped without reset		
3	Labs	Lab power points — earthing tested; RCD (ELCB) functional		
4	Staff room / admin	Extension cords — no daisy-chaining; rated for load		
5	Server room	UPS battery test — minimum 30 min backup confirmed		
6	Generator room	Automatic Transfer Switch (ATS) — test changeover within 10 sec		
7	Terrace / solar	Solar inverter — output voltage within specs; no alarms		
8	Electrical room	Main LT panel — thermographic scan (quarterly); all labels correct		
9	Auditorium	Dimmer boards, stage lighting — no flickering, earthed		

#	Location / System	Inspection Item	Result (Pass/Fail/NA)	Action Required
10	Campus-wide	Outdoor lighting (pathways, car park) — all functional		
11	Campus-wide	Emergency lighting (battery-backed) — test 30-second burn		
12	Campus-wide	Earthing resistance test (annually) — < 1 ohm required		

7.3 Quarterly Fire Safety Inspection Checklist

#	Item	Standard / Requirement	Compliant ?	Next Action
1	Fire extinguishers (all 80 units)	Pressure gauge green; within service date; accessible; labelled		
2	Fire hose reels (all 12 units)	Hose intact; valve opens; nozzle present; flow tested		
3	Sprinkler system heads	No paint/dust blocking; test valve functional		
4	Fire alarm panel	No faults on panel; test alarm zone-by-zone		
5	Smoke detectors (all zones)	Test button activated; LED blinks; no false alarm		
6	Heat detectors (kitchen, generator)	Test functional; no blockage		
7	Emergency exit signs	Lit (battery backup); visible from 15m; not blocked		
8	Emergency lighting	30-second burn test; covers all exits and staircases		
9	Fire escape staircases	Clear of storage; non-slip; handrails secure; doors close fully		
10	Assembly point signage	Visible; not blocked; updated roll call procedure posted		
11	Fire safety notice board	Mumbai Fire Brigade number (101) displayed; emergency plan posted		
12	Staff fire warden list	Updated; all wardens trained; training < 12 months old		
13	Fire drill record	Drill conducted in last 6 months; < 5 min evacuation target		
14	Fire NOC (Mumbai Fire Brigade)	Valid; expiry date: _____		

#	Item	Standard / Requirement	Compliant ?	Next Action
15	Kitchen fire suppression (Ansul)	Pressure gauge OK; service within 12 months		

7.4 Annual Campus Infrastructure Inspection Checklist

Area	Inspection Points	Inspector	Rating (1–5)	Major Issues Found	Action Taken
Building Structure	Cracks, seepage, spalling concrete, settling	Civil Engineer			
Roof & Waterproofing	Leakage, drainage, parapet condition	Civil Engineer			
Flooring (all areas)	Slippery tiles, damage, trip hazards	VP Admin			
Staircases & Handrails	Stability, non-slip nosing, handrail secure	VP Admin			
Windows & Grills	Secure, no broken glass, locks functional	Maintenance			
Doors & Door Hardware	Hinges, closers, locks, panic bars	Maintenance			
Boundary Wall & Gates	No breach, height adequate, spikes intact	Security Head			
Drainage & Manholes	Clear, covered, no overflow	Plumber			
Drinking Water System	Quality test, tank cleaning record, filters	RO Vendor			
Sewage System	STP functioning, no overflow, odour control	Plumber			
Sports Ground	Level surface, no glass/debris, drainage	PE Teacher			
Lab Safety Equipment	Eye wash stations, first aid, safety showers	Lab In-charge			
Signage & Wayfinding	All signs visible, correctly placed, updated	VP Admin			
Accessibility Features	Ramps, disabled toilets, sensory indicators	SENCO			

Inspector (Civil/Maint.)	VP Administration	Principal	External Safety Auditor (Annual)

8. Procurement & Operations Chatbot FAQ — 50+ Q&A; Pairs

This section contains 50+ curated Q&A; pairs for chatbot and AI assistant training, covering all aspects of school procurement, asset management, vendor relations, maintenance, AMC, and facility operations. These answer queries from staff, vendors, auditors, and admin users.

A — Procurement Policy & Purchase Process

Q: Who can approve a purchase at the school?

A: Approval authority depends on the purchase value. Up to INR 5,000: HOD or Department Head. INR 5,001 to INR 25,000: VP Administration. INR 25,001 to INR 1 lakh: VP Admin plus Finance Manager. INR 1 lakh to INR 5 lakh: Principal plus Finance Manager. INR 5 lakh to INR 10 lakh: Principal, Finance Manager, and VP Admin jointly. Above INR 10 lakh: Board of Trustees. Emergency purchases up to INR 50,000 can be approved by the Principal with retrospective documentation within 48 hours.

Q: How do I raise a purchase request for my department?

A: Raise a Purchase Requisition (PR) either through the school ERP portal under Admin → Purchase → New Requisition, or on a paper PR form available at the Administrative Office. Include: item description, quantity, specifications, estimated cost, purpose and urgency, and required date. Get your HOD's signature and submit to VP Administration. The Finance Manager will confirm budget availability before the procurement process begins.

Q: How many quotations are required before making a purchase?

A: It depends on the value. Up to INR 5,000: one quote (verbal or written). INR 5,001 to INR 25,000: minimum 2 written quotes. INR 25,001 to INR 1 lakh: minimum 3 comparative written quotes. Above INR 1 lakh: 3 quotes mandatory with a Comparative Statement table. Above INR 5 lakh: open or e-tendering is mandatory. For rate contract items, the pre-negotiated rate applies.

Q: Can I split a purchase to avoid higher approval?

A: No. Splitting purchases to circumvent authority limits is strictly prohibited and is a serious disciplinary offence. For example, breaking an INR 80,000 purchase into four INR 20,000 purchases to avoid Principal approval is not allowed. Procurement records are audited quarterly and patterns of splitting are flagged automatically by the ERP.

Q: What happens after a Purchase Order is issued?

A: After the PO is issued, the vendor delivers the goods or completes the service. The receiving department head and the store-keeper physically verify items against the PO specifications. A Goods Receipt Note (GRN) is raised in the ERP. The vendor then submits an invoice that is matched against the PO and GRN in a 3-way match process. Once approved by the Finance Manager, payment is processed within the agreed terms — typically 30 days for regular vendors and 7 days for MSME-registered vendors.

Q: What documents must a vendor submit with their invoice?

A: A vendor invoice must include: vendor's GSTIN, school's GSTIN, HSN or SAC code, taxable value, GST breakup (CGST + SGST or IGST), invoice number and date, PO number reference, delivery challan number, and bank details for RTGS/NEFT. Invoices without GSTIN for amounts above INR 5,000 will be returned for correction before payment processing.

Q: What is a Comparative Statement and who prepares it?

A: A Comparative Statement (CS) is a side-by-side table of all vendor quotes received for a particular purchase. It lists each vendor's name, quoted price, GST, delivery terms, warranty, and any other relevant conditions. The Procurement Officer or VP Administration prepares it. The CS must be signed by the Finance Manager and the approving authority. If the lowest-cost (L1) bidder is not selected, a written justification must be attached to the CS.

Q: Can I make an emergency purchase without a Purchase Order?

A: Yes, but only in genuine emergencies (P1 level: safety risk or critical service disruption) and only up to INR 50,000 with Principal's verbal approval. The verbal approval must be followed by a written emergency PO within 48 hours. All supporting documents (quotes, invoice, GRN) must be filed. Emergency purchases are reviewed in the monthly procurement audit and patterns of 'emergency' purchases are investigated.

B — Inventory Management

Q: How is inventory managed at the school?

A: The school maintains separate inventory registers for different categories: General Stores (stationery, consumables, cleaning supplies) managed by the Store Keeper, IT Equipment tracked in the ERP under Asset Management, Library collection in Koha ILS, Science Lab chemicals in the Lab Inventory Register, and Furniture & Fixtures in the Fixed Asset Register. A comprehensive physical stock verification is conducted every April at the start of the financial year.

Q: What is the reorder level and how does it work?

A: Each item in the General Stores register has a defined Reorder Level — the quantity at which a replenishment order must be raised. For example, if A4 paper has a reorder level of 50 reams, the Store Keeper must raise a Purchase Requisition when the closing stock falls to or below 50 reams. The Store Keeper monitors stock weekly and the ERP sends an automated alert when stock approaches the reorder level.

Q: How do I request items from the school stores?

A: Fill a Material Requisition Form (MRF) available at the Administrative Office or on the school ERP. Specify the items, quantities, and the purpose. Get your HOD's signature. Submit to the Store Keeper. Items are issued within 24 hours for routine requests, and same-day for urgent (P1/P2) requests. The issue is recorded in the Inventory Register against the requisition number.

Q: Who conducts the annual physical stock verification?

A: The annual physical stock verification is conducted every April by a three-member committee: the Finance Manager, VP Administration, and a representative of the Statutory Auditor (M/s. Kapoor & Associates). The physical count is compared to the Koha/ERP records. Discrepancies above 2% in value must be investigated and explained. The verification report is submitted to the Principal and Trust within 15 days of completion.

Q: How are surplus or obsolete inventory items disposed of?

A: Obsolete, damaged, or surplus inventory items are first identified in the annual stock verification. A Disposal Committee (VP Admin + Finance Manager + HOD) recommends the method: return to vendor (if under warranty), auction to staff or public, donation to NGO partner schools, or scrapping with a certified scrap dealer. Proceeds from disposal go to the capital account, not operational budget. All disposals are documented with receipts and recorded in the Fixed Asset Register.

C — Asset Management & Fixed Assets

Q: How are assets tagged and tracked at the school?

A: Every capital asset with a value above INR 5,000 is assigned a unique Asset Tag Number on receipt. A physical tamper-proof tag (barcode or RFID label) is affixed to the item. The asset is registered in the Fixed Asset Register (FAR) in the ERP with details including purchase date, cost, vendor, location, custodian, warranty period, depreciation rate, and condition. IT assets additionally have serial numbers and IMEI tracked separately.

Q: What depreciation method is used for school assets?

A: The school uses two depreciation methods as specified under the Income Tax Act Schedule II: Straight Line Method (SLM) for buildings and civil structures at 5% per year, which means the cost is written off evenly over 20 years; and Written Down Value (WDV) method for equipment, vehicles, and IT assets, where the depreciation is charged on the reducing balance — IT assets at 40% WDV, vehicles at 30% WDV, HVAC and plant at 15% WDV.

Q: What should I do if an asset in my department is damaged or broken?

A: First, raise a Maintenance Request Form (MRF) in the ERP describing the damage. If the item is under warranty, the IT Manager or relevant department head coordinates with the vendor for warranty claim. If out of warranty, the Maintenance

In-charge assesses repair vs replacement cost. If the asset needs to be written off, fill an Asset Disposal Form and submit to VP Admin. Damage caused by negligence is investigated; responsible parties may be required to contribute to repair costs.

Q: I want to move a computer from my classroom to the lab. What is the process?

A: Fill an Asset Transfer Form in the ERP or on the paper form at the Administrative Office. Specify the Asset Tag Number, current location, new location, reason for transfer, and both the transferring and receiving HOD's signatures. Submit to the Store Keeper, who updates the Fixed Asset Register and ERP. The VP Admin countersigns for assets above INR 25,000. The physical transfer is done only after the form is approved — unrecorded asset movements are a compliance violation.

Q: How often is the Fixed Asset Register audited?

A: The Fixed Asset Register is verified twice a year: a partial verification (IT and high-value assets) in October, and a full physical verification in April by the Finance Manager along with the statutory auditor's representative. Additionally, the Statutory Auditor (M/s. Kapoor & Associates) reviews the FAR as part of the annual financial audit. Any asset not physically traceable must be investigated and, if unresolved within 30 days, written off with Board approval.

D — Maintenance Requests & Facility Repairs**Q: How do I report a maintenance problem at the school?**

A: Raise a Maintenance Request Form (MRF) through the school ERP (Admin → Maintenance → New Request) or collect a paper MRF from the Administrative Office. Describe the problem in detail, specify the location (block, floor, room number), indicate the urgency (P1 to P5), and attach a photo if possible. The form is automatically routed to the Maintenance In-charge (Mr. Suresh Kumar) and VP Administration. You can track the status of your MRF in the ERP under My Requests.

Q: What are the maintenance priority levels and how quickly will my request be resolved?

A: There are 5 priority levels. P1 Critical Emergency (safety risk): within 4 hours. P2 High Urgency (significant disruption): within 24 hours. P3 Medium Routine (workaround exists): 3 to 5 working days. P4 Low Planned (aesthetic or improvement): 7 to 14 working days. P5 Preventive Scheduled (routine AMC): as per annual calendar. If you believe your request is being handled at a lower priority than warranted, escalate to VP Admin directly.

Q: Who is the Maintenance In-charge at the school?

A: The Maintenance In-charge is Mr. Suresh Kumar, reachable at Extension 215 or maint@ABC.org. He oversees all civil, electrical, plumbing, carpentry, and HVAC maintenance. For IT-related maintenance, contact Mr. Abhijit Pawar (IT Manager) at Extension 218. For AMC-related issues, contact VP Administration Mr. Prashant Joshi at Extension 205.

Q: What maintenance is done during summer vacation?

A: Summer vacation (late March to early June) is the primary maintenance window for major works that would disrupt school operations. Planned summer works include: exterior painting and waterproofing, deep cleaning of all spaces, major civil repairs, AC servicing of all units, electrical panel inspection, generator overhaul, furniture repair and replacement, lab upgrades, and IT infrastructure upgrades. All summer maintenance is planned and budgeted in February–March. Vendors are selected by April so works begin on the last working day of the academic year.

Q: How do I report a classroom Smart Board that is not working?

A: Raise a P2 or P3 MRF in the ERP specifying the classroom number and Asset Tag number of the Smart Board. The IT Manager will assess within 24 hours. If it's a software or connectivity issue, it's typically resolved same-day. Hardware failure: warranty claim is raised if within warranty period (Samsung Flip Pro has 3-year warranty, purchased June 2023), or an AMC call is logged with the authorised service partner. A replacement unit from the spare pool is provided within 48 hours for exam-period classrooms.

E — Vendor Onboarding & Management**Q: I am a new vendor. How do I register to supply to ABC International School?**

A: Contact the Administrative Office at admin@ABC.org or visit the school on a weekday between 10 AM and 4 PM. You will be given a Vendor Registration Form to complete. Submit the form along with your KYC documents: GST certificate, PAN card, Certificate of Incorporation or Proprietorship declaration, cancelled cheque, MSME certificate if applicable, and relevant quality certifications. Two reference letters from institutional clients are required for first-time vendors. The onboarding review takes 5 to 7 working days. Once approved, you will receive a Vendor Code and can be invited for future RFQs.

Q: What documents must a vendor submit for onboarding?

A: Mandatory documents: GST Registration Certificate, PAN Card, Certificate of Incorporation or Partnership Deed, cancelled cheque for bank account verification, and the signed Vendor Code of Conduct. Additionally required for contracts above INR 5 lakh: 3 years of ITR filings and audited Balance Sheets for the last 2 years. Service vendors with their own staff must also submit Labour Licence, EPF and ESI registration. Food and catering vendors need their FSSAI licence. IT vendors handling student data must sign an NDA.

Q: How is vendor performance evaluated?

A: Vendor performance is evaluated annually in March using a 100-point rating system. The key parameters are: Delivery Timeliness (25%), Quality of Supply (25%), Pricing Competitiveness (15%), Invoice Accuracy (10%), Responsiveness (10%), After-Sales Support (10%), and Statutory Compliance (5%). Vendors scoring 4.5 to 5.0 stars receive Preferred Vendor status. Vendors below 3 stars are placed on the caution list and not invited for new RFQs. Fraud, persistent non-performance, or data breach results in blacklisting.

Q: Can a vendor on the blacklist appeal?

A: A vendor can submit a written appeal to the Principal within 30 days of blacklisting notification. The appeal is reviewed by a committee comprising the Principal, Finance Manager, and VP Admin. The committee may reinstate the vendor if new evidence is presented or if the issue has been fully remedied. Blacklisting for fraud, data breach, or ragging-related vendors is permanent with no appeal.

Q: What payment terms does the school offer vendors?

A: Standard payment terms are 30 days from invoice date after 3-way match (PO + GRN + invoice). For MSME-registered vendors, payment is made within 7 days as per MSMED Act 2006. For vendors with annual contracts (AMC, housekeeping, security), payment is made monthly on the 10th of the following month. Advance payments are only made against Bank Guarantees and require Principal approval for amounts above INR 1 lakh.

F — Annual Maintenance Contracts

Q: What is an Annual Maintenance Contract (AMC) and why does the school use them?

A: An AMC is a service agreement with a vendor for the maintenance of specific equipment or systems over one year at a pre-agreed fee. The school uses AMCs for critical infrastructure like generators, ACs, lifts, fire systems, CCTV, RO plants, photocopiers, ERP software, swimming pool, and network infrastructure. AMCs ensure that maintenance is proactive and systematic rather than reactive, reduce downtime, fix the cost of maintenance for budgeting, and hold vendors accountable to defined SLA response times.

Q: What is the difference between a Comprehensive AMC and a Non-Comprehensive AMC?

A: A Comprehensive AMC covers both labour and spare parts — the vendor handles all breakdowns and parts replacements at no extra cost. It is more expensive upfront but predictable in total cost. A Non-Comprehensive AMC covers labour and routine maintenance only; spare parts are charged extra at actual cost plus an agreed markup. The school uses Comprehensive AMCs for critical systems like generators, lifts, and ACs, and Non-Comprehensive AMCs for lower-risk items like CCTV and AV systems.

Q: What is the SLA for AMC vendors and what happens if they miss it?

A: SLA response times vary by system criticality. Lifts: 2-hour response. Generators and Fire Systems: 4-hour response. Central AC and CCTV: 6 hours. Photocopiers: next business day. For every day of downtime beyond the SLA, the vendor is penalised 1% of their monthly AMC fee, up to a maximum of 10%. Persistent SLA breaches (more than 3 in a quarter) give

the school the right to terminate the AMC with 30-day notice.

Q: When are AMC contracts renewed?

A: AMCs are reviewed annually in February for the next financial year starting April. The VP Administration sends a renewal notice to vendors in January. Vendors must submit their renewal quote by 15 February. Any AMC with significant price increase (above 8%) triggers a re-quotation from competing vendors. All AMC renewals above INR 5 lakh require Principal approval; above INR 10 lakh require Board approval. AMC contracts not explicitly renewed by 31 March are extended month-to-month at the existing rate for up to 3 months while re-tendering is completed.

Q: How do I log a service call under an AMC?

A: For equipment covered under AMC, raise a Maintenance Request Form (MRF) in the ERP marked as 'AMC Call'. The Maintenance In-charge contacts the AMC vendor using the contract hotline number. The vendor's technician must attend within the SLA-defined response time. The vendor fills a Job Card on site. After work is completed, the Maintenance In-charge signs the Maintenance Completion Certificate. Job Cards and Completion Certificates are filed against the AMC record.

G — Facility Inspection & Safety Compliance**Q: How often are facility inspections conducted at the school?**

A: The school conducts inspections at multiple frequencies. Daily: a full campus walkthrough every morning before 7:45 AM by the Housekeeping Supervisor and Security In-charge, covering all classrooms, labs, toilets, corridors, exits, and common areas. Monthly: electrical safety inspection and fire equipment spot-check. Quarterly: fire safety full inspection, CCTV and biometric audit, generator load test. Annual: comprehensive campus infrastructure inspection by an external civil engineer, thermographic scan of electrical panels, fire drill, and statutory inspections for NOC renewals.

Q: What happens if an inspection finds a safety hazard?

A: Any safety hazard found during inspection is immediately classified as a P1 (Critical Emergency) Maintenance Request. The Maintenance In-charge is notified verbally within 5 minutes. The affected area is cordoned off and access denied to students and staff. The VP Admin and Principal are informed within 15 minutes. Temporary measures are implemented immediately. A permanent fix is completed within 4 hours or the area remains closed. All P1 incidents are documented and reviewed in the monthly Operations Review Meeting.

Q: When was the last fire drill at the school?

A: Fire drills are conducted twice a year: once in the first term (June–September) and once in the third term (January–March). The drill must achieve full campus evacuation to the designated assembly point within 5 minutes. The drill is supervised by the VP Administration and observed by the Fire Warden team (each block has a designated Fire Warden from the teaching staff). Results are recorded and any evacuation time above 5 minutes triggers a repeat drill within 2 weeks.

Q: What certifications and NOCs must the school maintain for the building?

A: The school maintains the following statutory certifications: Mumbai Fire Brigade NOC (annual renewal), Building Occupancy Certificate from MCGM (permanent but verified), Electrical Installation Safety Certificate from a licensed electrical contractor (annual), Lift Fitness Certificate from a government-approved inspector (annual), Swimming Pool Safety Certificate (annual), FSSAI Food Safety Licence for canteen (annual renewal), Pollution Under Control certificates for all school buses (bi-annual), and Maharashtra Shops & Establishment Certificate (annual). All certificates are maintained in the Compliance Register by VP Administration.

Q: Who is responsible for fire safety at the school?

A: Overall responsibility rests with the Principal as the head of the institution. Day-to-day fire safety management is the responsibility of VP Administration (Mr. Prashant Joshi). Each building block has a designated Fire Warden from the teaching staff — trained in evacuation procedures, first aid, and fire extinguisher use. The Maintenance In-charge is responsible for equipment readiness (extinguishers, alarm systems, hose reels). The external AMC vendor (Firefly Fire Systems) maintains the fire alarm and suppression systems.

Q: Can a teacher or student report a maintenance or safety issue directly?

A: Yes. Any staff member or student can report a maintenance or safety issue. Teachers: use the ERP Maintenance portal or call the Maintenance In-charge at Extension 215. Students: report to their class teacher or any staff member; they may also use the Suggestion Box at the reception. For immediate safety emergencies (fire, gas smell, electrical spark, injury), call the school's internal emergency line at Extension 999 or mobile +91 98201 99999 — do not wait to fill a form.

Q: How does the school handle a major infrastructure failure like a power outage?

A: The school has multiple layers of power backup. On grid failure, the two on-campus generators (150 KVA and 80 KVA) auto-start within 10 seconds via the Automatic Transfer Switch (ATS). The generators together power all critical systems: classrooms, labs, administrative offices, CCTV, server room, medical room, and corridors. Non-critical loads like external landscaping lights are shed. Generator fuel level is maintained above 50% at all times (approximately 8 hours of full-load runtime). If the outage is expected to extend beyond 4 hours, parents are notified via ERP.

Q: Does the school have solar power? How much electricity does it generate?

A: Yes. The school has a 50 KW rooftop solar installation on the main academic block terrace, commissioned in 2023 (Tata Power Solar). On a typical sunny day, it generates approximately 175–200 kWh per day, which covers roughly 25–30% of the school's daytime electricity consumption. The solar system is grid-tied and reduces the school's electricity bill significantly. An annual performance review is conducted; the AMC (comprehensive, INR 18,000 per year) is managed by Tata Power Solar.

H — Budget, Costs & Finance Integration

Q: How is the operations and maintenance budget determined each year?

A: The operations budget is prepared by VP Administration in February for the following financial year (April–March). It includes: AMC costs (based on renewal quotes), planned maintenance projects (summer works), routine consumables (estimated from prior year actuals + 8% inflation), capital expenditure (new assets, replacements), and a contingency reserve of 5%. The draft budget is reviewed by the Finance Manager and approved by the Principal. Major capital expenditure above INR 10 lakh requires Board of Trustees approval.

Q: What is the contingency reserve and how is it used?

A: The school maintains a 5% contingency reserve within the annual operations budget to cover unexpected repairs, emergency purchases, and unforeseen facility requirements. It can be accessed by VP Administration for emergency or urgent (P1/P2) expenses up to INR 1 lakh without additional approval. For amounts above INR 1 lakh from the contingency, Principal approval is required. Usage of contingency is reported monthly to the Finance Manager and annually to the Board.

Q: Can a department head directly approve petty cash purchases for their department?

A: Yes, for amounts up to INR 5,000 per transaction. Each HOD has access to a departmental petty cash float of INR 5,000 per month. Purchases must have supporting bills or receipts. The petty cash statement (PC register) must be submitted to Finance at the end of each month along with bills. Reimbursement of the float is processed by the 5th of the following month. Petty cash may not be used for personal expenses or for splitting larger purchases.

END OF DOCUMENT — ABC International School, Powai | Procurement & Operations Dataset | Generated: 20 May 2026 Operations
Office: admin@ABC.org | Maintenance: maint@ABC.org | Extension 205/215 | Hiranandani Gardens, Powai, Mumbai – 400076
