1. Transport Policy

The Transport Policy of ABC International School, Powai governs the operation, safety, conduct, and management of all school transport services for Academic Year 2025–26. It is framed in compliance with the Motor Vehicles Act 1988, Central Motor Vehicles Rules 1989, Maharashtra Motor Vehicles Rules, and guidelines issued by the Supreme Court of India on school bus safety (SLP No. 13032/2009).

1.1 Policy Scope & Objectives

- Govern the safe, reliable and efficient transport of students between home and school.
- Ensure full compliance with all statutory requirements for school bus operations in Maharashtra.
- Define roles and responsibilities of drivers, escorts, parents and school administration.
- Establish protocols for emergencies, breakdowns, accidents and adverse weather events.
- Maintain a zero-tolerance policy for rash driving, substance use, and safety violations.
- Provide equitable transport access across all zones within school service radius (0–18 km).

1.2 Fleet Overview

|                             |                                                                              |
|-----------------------------|------------------------------------------------------------------------------|
| Total School Buses          | 42 buses (owned: 28   contracted: 14)                                        |
| Staff Vans                  | 2 mini-vans for staff transport (early morning / late hours)                 |
| Bus Types                   | 40-seater: 30 buses   52-seater: 10 buses   Mini-bus (20-seat): 2 buses      |
| GPS Tracking                | 100% fleet equipped with real-time GPS (TrackSchoolBus platform)             |
| CCTV on Board               | All 42 buses fitted with 4-camera DVR system; footage retained 30 days       |
| First Aid Kit               | Mandatory in every bus; checked weekly by escort                             |
| Fire Extinguisher           | 2 kg CO <sub>2</sub> extinguisher fitted in every bus; annual replacement    |
| Speed Governor              | All buses fitted with speed limiter (max 40 km/h on campus; 60 km/h on road) |

| School bus painted yellow with 'School Bus' markings | Central Motor Vehicles Rules 1989 | ✓ All buses compliant      |
| Speed governor fitted (max 60 kmph)                  | MV Act 1988 + Supreme Court Order | ✓ All 42 buses fitted      |
| First aid box in every vehicle                       | Central MVR 1989                  | ✓ Checked weekly           |
| Fire extinguisher in every vehicle                   | Central MVR 1989                  | ✓ Annual replacement done  |
| Female escort (Didi) on every bus                    | Maharashtra Govt. Circular 2015   | ✓ 42 escorts deployed      |
| Emergency exit & hammer                              | Central MVR 1989                  | ✓ All buses equipped       |
| CCTV cameras onboard                                 | Maharashtra State Circular 2018   | ✓ 4 cameras per bus        |

| Requirement                            | Applicable Law / Authority      | School's Compliance Status    |
|----------------------------------------|---------------------------------|-------------------------------|
| GPS real-time tracking                 | Maharashtra State Circular 2018 | ✓ TrackSchoolBus platform     |
| Medical fitness of driver (Form 1A)    | CMV Rules 1989                  | ✓ Annual fitness certificates |
| Police verification of driver          | Maharashtra Circular            | ✓ Verified every 3 years      |
| Commercial vehicle fitness certificate | RTO Maharashtra                 | ✓ Annual renewal              |
| Third-party insurance                  | MV Act 1988                     | ✓ Active for all vehicles     |
| Permit (school bus contract carriage)  | RTO Maharashtra                 | ✓ Valid permits maintained    |
| Emergency contact display inside bus   | School Policy                   | ✓ Laminated card in every bus |

1.4 Student Transport Rules

- Students must be at the designated bus stop 5 minutes before the scheduled pickup time.
- The bus will wait a maximum of 2 minutes at each stop; it will not return for late arrivals.
- Students must wear their school ID card on the bus at all times.
- Seatbelts (where fitted) must be worn at all times during transit.
- Standing in the aisle, shouting, or distracting the driver is strictly prohibited.
- No student may alight at any stop other than their registered stop without written parent permission.
- Buses carry only registered students; no friends, cousins, or unregistered passengers allowed.
- Mobile phones must be on silent mode; earphones are permitted; video calls prohibited.
- Any bullying, misbehaviour or misconduct on the bus is treated on par with in-school misconduct.
- Food items with strong smell, glass containers, or sharp objects are not permitted on the bus.
- Students in Grades 1–4 are handed over to a responsible adult at the drop point; if no adult present, student is brought back to school.
- Lost property found on buses is deposited with the transport office; claims within 7 days.

1.5 Parent Responsibilities

- Register for transport at the time of admission or before 31 March each year for the new session.
- Provide accurate pickup and drop addresses; any change requires 7-day written notice.
- Ensure a responsible adult (above 18) is present at the drop stop for children in Grades 1–4.
- Inform Transport Office by 7:30 AM if the child will not board the bus on a given day.
- Report any concerns regarding bus conduct, driver behaviour or route issues to: transport@ABC.org.
- Pay transport fees quarterly in advance; defaulters may be denied bus access after 15-day notice.
- Subscribe to the TrackSchoolBus app for real-time bus location updates.

1.6 Cancellation & Suspension Policy

|                           |                                                                                                 |
|---------------------------|-------------------------------------------------------------------------------------------------|
| Cancellation by Parent    | 10-day written notice; pro-rated refund for unused complete months                              |
| Suspension for Misconduct | Bus access suspended for 3–15 days for serious misconduct; parents notified                     |
| Permanent Suspension      | Repeated misbehaviour or endangering safety; no refund of fees paid                             |
| School's Right to Reroute | School may alter routes due to road conditions, RTO orders, or low occupancy with 5 days notice |
| Festival / Exam Days      | Modified schedules communicated via ERP and SMS 2 days in advance                               |

## 2. Route List & Zone Map

The school operates 18 routes across 3 zones — Zone A (0–5 km), Zone B (5–10 km), and Zone C (10–18 km). Routes are designed to minimise travel time (max 45 min one-way) while maximising coverage density.

### Zone A Routes (0–5 km from school | Annual Fee: INR 18,000)

| Route Code | Route Name           | Key Stops (Pickup Points)                                                       | No. of Stops | Buses Assigned   | Students |
|------------|----------------------|---------------------------------------------------------------------------------|--------------|------------------|----------|
| A-01       | Powai Internal North | Hiranandani Gardens Gate 1 → Cypress Bldg → Rodas Enclave → Lake Homes → School | 8            | BUS-04 (40-seat) | 34       |
| A-02       | Powai Internal South | Central Avenue → Eldorado → Verona → Solitaire → Cleo County → School           | 7            | BUS-07 (40-seat) | 38       |
| A-03       | Powai Internal East  | Galleria → IIT Gate → NITIE Road → Nirvana Park → School                        | 6            | BUS-11 (40-seat) | 31       |
| A-04       | Chandivali           | Chandivali Farm Rd → Saki Naka → Marol Pipeline → Sakinaka Metro → School       | 7            | BUS-15 (40-seat) | 36       |
| A-05       | Vikhroli East        | Vikhroli Station (E) → Tagore Nagar → Sonapur → Eastern Express → School        | 6            | BUS-19 (40-seat) | 29       |
| A-06       | Kanjurmarg East      | Kanjurmarg Station → Runwal Forest → Hillside → Godrej Hill → School            | 8            | BUS-22 (40-seat) | 40       |

### Zone B Routes (5–10 km from school | Annual Fee: INR 21,000)

| Route Code | Route Name           | Key Stops (Pickup Points)                                                     | No. of Stops | Buses Assigned                      | Students |
|------------|----------------------|-------------------------------------------------------------------------------|--------------|-------------------------------------|----------|
| B-01       | Ghatkopar East       | Ghatkopar Stn (E) → Rajawadi → Vikrant Circle → Tilak Nagar → LBS Rd → School | 9            | BUS-01 (52-seat) + BUS-02 (52-seat) | 84       |
| B-02       | Bhandup West         | Bhandup Stn (W) → Runwal Garden → Sonapur → Lal Bahadur → School              | 8            | BUS-08 (40-seat)                    | 37       |
| B-03       | Bhandup East         | Bhandup Stn (E) → Ekta Nagar → IIT Colony → Ganesh Nagar → School             | 7            | BUS-12 (40-seat)                    | 33       |
| B-04       | Mulund West          | Mulund Stn (W) → Shanti Nagar → Nahur → Nahur Village → School                | 9            | BUS-16 (52-seat)                    | 48       |
| B-05       | Vikhroli West        | Vikhroli Stn (W) → Amrut Nagar → Kannamwar Nagar → School                     | 6            | BUS-20 (40-seat)                    | 35       |
| B-06       | Kurla East           | Kurla Stn (E) → Vidyanagari → Santacruz East → SEEPZ → School                 | 8            | BUS-23 (40-seat)                    | 38       |
| B-07       | Andheri East – Sahar | Andheri Stn (E) → Sahar Road → Chakala → MIDC → JB Nagar → School             | 10           | BUS-28 (52-seat)                    | 50       |

| Route Code | Route Name       | Key Stops (Pickup Points)                                      | No. of Stops | Buses Assigned   | Students |
|------------|------------------|----------------------------------------------------------------|--------------|------------------|----------|
| B-08       | Saki Naka – MIDC | Saki Naka Junction → Kondivita → Andheri MIDC → Marol → School | 8            | BUS-31 (40-seat) | 36       |

Zone C Routes (10–18 km from school | Annual Fee: INR 24,000)

| Route Code | Route Name           | Key Stops (Pickup Points)                                             | No. of Stops | Buses Assigned                      | Students |
|------------|----------------------|-----------------------------------------------------------------------|--------------|-------------------------------------|----------|
| C-01       | Thane West           | Thane Stn (W) → Naupada → Uthalsar → Kopri → Balkum → Airoli → School | 11           | BUS-03 (52-seat) + BUS-06 (52-seat) | 96       |
| C-02       | Thane East           | Thane Stn (E) → Vartak Nagar → Manpada → Ghodbunder → School          | 10           | BUS-09 (52-seat)                    | 46       |
| C-03       | Mulund East – Airoli | Mulund Stn (E) → L.B.S. → Airoli Naka → Turbhe → School               | 9            | BUS-13 (40-seat)                    | 38       |

All buses must reach school by 07:45 AM. School gates open at 07:30 AM. Students may be dropped inside campus from 07:30 AM only.

3.4 Afternoon Drop Schedule (Standard Days) — All Zones

| Zone   | Grades                   | Dismissal Time | Bus Departure (School Gate) | Last Drop ETA |
|--------|--------------------------|----------------|-----------------------------|---------------|
| Zone A | Pre-Primary (Nursery–KG) | 02:15 PM       | 02:25 PM                    | 02:55 PM      |
| Zone A | Primary (Gr. 1–5)        | 02:30 PM       | 02:40 PM                    | 03:10 PM      |
| Zone A | Secondary (Gr. 6–12)     | 03:15 PM       | 03:25 PM                    | 04:00 PM      |
| Zone B | Pre-Primary (Nursery–KG) | 02:15 PM       | 02:25 PM                    | 03:10 PM      |
| Zone B | Primary (Gr. 1–5)        | 02:30 PM       | 02:40 PM                    | 03:30 PM      |
| Zone B | Secondary (Gr. 6–12)     | 03:15 PM       | 03:25 PM                    | 04:15 PM      |
| Zone C | Pre-Primary (Nursery–KG) | 02:15 PM       | 02:25 PM                    | 03:40 PM      |
| Zone C | Primary (Gr. 1–5)        | 02:30 PM       | 02:40 PM                    | 04:00 PM      |
| Zone C | Secondary (Gr. 6–12)     | 03:15 PM       | 03:25 PM                    | 04:50 PM      |

3.5 Special Schedules

| Day Type                    | Dismissal       | Bus Departure | Notes                                                     |
|-----------------------------|-----------------|---------------|-----------------------------------------------------------|
| Half-Day (PTM, Exam prep)   | 12:00 PM        | 12:15 PM      | All zones; single trip; parents notified 48 hrs prior     |
| Exam Days (Gr. 10/12 Board) | Post-exam       | Variable      | As per CBSE paper timing; SMS update sent                 |
| Sports Day / Annual Day     | 05:30 PM        | 05:45 PM      | Extended schedule; pick-up adjusted to 30 min later       |
| Saturday Working (Gr. 9–12) | 01:00 PM        | 01:15 PM      | Zone A & B only; Zone C parents arrange own transport     |
| Heavy Rain / Red Alert      | Early dismissal | ASAP          | Decision by Principal by 10 AM; ERP alert sent to parents |
| Cyclone / Flood Warning     | School closed   | No transport  | BBMC/RMC alert compliance; parents to collect children    |

4. Bus Fee Structure

Transport fees for 2025–26 are payable quarterly in advance along with tuition fees. Fees are fixed by zone (distance from school) and not by route or bus number. All fees include fuel, driver salary, escort salary, GPS, insurance and maintenance charges.

| Zone   | Distance Band | Routes Included | Annual Fee (INR) | Quarterly (INR) | Monthly Equiv. (INR) |
|--------|---------------|-----------------|------------------|-----------------|----------------------|
| Zone A | 0 – 5 km      | A-01 to A-06    | 18,000           | 4,500           | 1,500                |
| Zone B | 5 – 10 km     | B-01 to B-08    | 21,000           | 5,250           | 1,750                |
| Zone C | 10 – 18 km    | C-01 to C-04    | 24,000           | 6,000           | 2,000                |

| Additional Charge               | Amount (INR)   | When Applicable                            | Notes                           |
|---------------------------------|----------------|--------------------------------------------|---------------------------------|
| Registration / Seat Booking Fee | 500 per year   | At annual registration (April)             | Non-refundable                  |
| Late Fee (quarterly payment)    | 200 per month  | After 15th of due month                    | Waived once per year            |
| Stop Change Request (mid-year)  | 200 per change | On request (max 2 per year)                | With 7-day notice               |
| Duplicate Bus Pass              | 100            | On loss of original pass                   | With parent request letter      |
| After-School / Extended Pick-up | 500 per month  | If bus used for after-school activity drop | Prior registration required     |
| Thane Link Road Toll surcharge  | 600 per year   | Zone C routes via Thane Creek bridge       | Included in Zone C from 2025-26 |

|                     |                                                                                   |
|---------------------|-----------------------------------------------------------------------------------|
| Payment Due Dates   | Q1: 15 April   Q2: 15 July   Q3: 15 October   Q4: 15 January                      |
| Payment Mode        | Online school portal   Cheque at Transport Office (Mon–Fri, 9 AM–1 PM)            |
| Sibling Discount    | 5% on transport fee for second child from same family on same route               |
| Staff Ward Benefit  | 50% concession on transport fee for children of full-time teaching staff          |
| Cancellation Refund | Pro-rated refund for unused complete months; 10 days written notice required      |
| Annual Revision     | Transport fees revised annually in March for the next academic year               |
| GST Applicability   | School bus transport for students is GST-exempt as per Notification 12/2017-CT(R) |

## 5. Driver & Escort Details

All drivers and female escorts (Didis) are background-verified, trained, and hold valid credentials. The following register presents key details for the 2025–26 fleet. Full KYC files are maintained in the Transport Office.

■ **CONFIDENTIAL** — Staff personal data per DPDP Act 2023. Internal use only.

### 5.1 Driver Register (Representative Sample — 18 of 42 Drivers)

| Driver ID | Name               | Assigned Bus | Route (s) | DL Number        | DL Valid Till | Police Verification | Med. Fitness |

| RTO Emergency                  | +91 22 2616 2425 |

The following Standard Operating Procedures (SOPs) are to be followed by drivers, escorts, and school staff in transport-related emergencies. All drivers and escorts are trained on these SOPs at the start of each academic year and after any incident.

### SOP-T-01: Road Accident Involving School Bus

|        |                                                                                                                                                                                                                                                              |
|--------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|        | <b>IMMEDIATE SAFETY — Stop the bus &amp; secure the scene</b>                                                                                                                                                                                                |
| STEP 1 | Driver: Immediately pull over to a safe position and switch on hazard lights. Escort: Do not move injured students. Keep all students calm and seated. Set up warning triangle/cones at 50m before and after the bus if available.                           |
|        | <b>CALL EMERGENCY SERVICES</b>                                                                                                                                                                                                                               |
| STEP 2 | Call 108 (ambulance) if any injury — do not wait to assess severity. Call 100 (police) to register the accident. Call Transport Control Room (+91 98201 55555) immediately — give Bus No., Route, Location, No. of students.                                 |
|        | <b>FIRST AID — Escort takes charge</b>                                                                                                                                                                                                                       |
| STEP 3 | Escort opens first aid kit. Apply basic first aid: control bleeding with clean cloth, do not remove embedded objects, keep unconscious students still, do not give food/water. Do not move students with possible spinal injuries unless there is fire risk. |
|        | <b>SCHOOL NOTIFICATION</b>                                                                                                                                                                                                                                   |
| STEP 4 | Transport Control Room notifies Principal and VP Admin within 5 minutes of receiving call. School activates Parent Communication Protocol — SMS/call to parents of ALL students on that bus.                                                                 |

|        |                                                                                                                                                                                                                                                                                          |
|--------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|        | <b>PARENT COMMUNICATION</b>                                                                                                                                                                                                                                                              |
| STEP 5 | Transport Control Room calls parents of injured students first, providing hospital details. ERP bulk SMS sent: 'BUS-[XX] has been involved in an incident at [location]. All students are safe / [X] students are receiving medical attention at [hospital]. Further details to follow.' |
|        | <b>RELIEF BUS DEPLOYMENT</b>                                                                                                                                                                                                                                                             |
| STEP 6 | Transport In-charge dispatches relief bus within 20 minutes. Uninjured students are transferred to relief bus with escort; rolled to school or home as appropriate. A school staff member must accompany the relief bus.                                                                 |
|        | <b>HOSPITAL LIAISON</b>                                                                                                                                                                                                                                                                  |
| STEP 7 | Principal or VP Admin proceeds to hospital. School representative stays with injured students until parents arrive. School nurse coordinates with treating doctors for medical information.                                                                                              |
|        | <b>DOCUMENTATION</b>                                                                                                                                                                                                                                                                     |
| STEP 8 | Driver files FIR with police and provides insurance papers. Transport In-charge prepares Incident Report within 24 hours. Incident reported to CBSE Regional Office (if injury) within 48 hours. Insurance claim initiated within 72 hours by Finance Manager.                           |

**SOP-T-02: Bus Breakdown En Route**

|        |                                                                                                                                                                    |
|--------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| STEP 1 | <b>Secure the Bus</b>                                                                                                                                              |
|        | Driver: Park safely on the left shoulder with hazard lights on. Do not allow students to alight on the road.                                                       |
|        | <b>Notify Control Room</b>                                                                                                                                         |
| STEP 2 | Call Transport Control Room immediately with Bus No., location (nearest landmark or GPS coordinates), number of students on board.                                 |
|        | <b>Keep Students Safe</b>                                                                                                                                          |
| STEP 3 | Escort keeps students seated and calm. Switch on bus interior lights if evening. No student leaves the bus until relief arrives or a safe area is identified.      |
|        | <b>Relief Bus Dispatch</b>                                                                                                                                         |
| STEP 4 | Control Room dispatches nearest available bus. ETA communicated to driver and escort. For Zone C breakdowns, ETA may be 30–45 minutes — keep students comfortable. |
|        | <b>Parent Notification</b>                                                                                                                                         |
| STEP 5 | ERP SMS sent: 'BUS-[XX] has experienced a mechanical issue at [location]. Relief bus dispatched — estimated delay: [X] minutes. All students are safe.'            |
|        | <b>Transfer &amp; Continue</b>                                                                                                                                     |
| STEP 6 | Students transferred to relief bus with escort. Mechanic dispatched to breakdown site. Incident logged in Bus Log Book and ERP transport module.                   |

**SOP-T-03: Missing / Unaccounted Student**

|        | <b>Identify Missing Student</b>                                                                                                                                                                                  |
|--------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| STEP 1 | Escort: Take roll call at end of morning drop and immediately after afternoon pickup. Any discrepancy — cross-check bus pass register immediately.                                                               |
|        | <b>Retrace &amp; Search</b>                                                                                                                                                                                      |
| STEP 2 | If student not found on bus: Escort calls last stop's parents. Driver returns to last stop if safe to do so. Check if student missed the bus entirely or alighted at wrong stop.                                 |
|        | <b>Immediate Escalation</b>                                                                                                                                                                                      |
| STEP 3 | If student unaccounted within 10 minutes: Escort calls Transport Control Room. Transport Control Room calls Principal and school counsellor. Parent of missing student called immediately.                       |
|        | <b>Police Notification</b>                                                                                                                                                                                       |
| STEP 4 | If student not located within 20 minutes: Police (100/112) informed. CCTV footage from bus retrieved by Transport In-charge. GPS route logs reviewed to identify last confirmed location.                        |
|        | <b>Campus Check</b>                                                                                                                                                                                              |
| STEP 5 | School security confirms whether student is still on campus (after-school activity, detention, etc.). All class teachers of the student contacted immediately.                                                   |
|        | <b>Resolution &amp; Debrief</b>                                                                                                                                                                                  |
| STEP 6 | Once student found: Parents notified. Incident Report filed within 24 hours. If student was at wrong stop due to their own action: counselling session arranged. If escort error: disciplinary review initiated. |

**SOP-T-04: Medical Emergency on Bus**

|        | <b>Assess the Student</b>                                                                                                                                                                                                                                                                                                              |
|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| STEP 1 | Escort: Do not panic. Assess: Is student conscious? Breathing? Colour of skin? Common bus emergencies: fainting, seizure, vomiting, allergic reaction, asthma attack.                                                                                                                                                                  |
|        | <b>Administer First Aid (Escort)</b>                                                                                                                                                                                                                                                                                                   |
| STEP 2 | Fainting: Lay student flat, loosen clothing, fan. Do not give water if unconscious. Seizure: Clear space, do not restrain, time the seizure, turn to recovery position after. Choking: Heimlich manoeuvre. Asthma: Student's own inhaler from bag. Allergic reaction: Check for Epi-Pen (noted in student medical record on bus pass). |
|        | <b>Call Ambulance &amp; Control Room</b>                                                                                                                                                                                                                                                                                               |
| STEP 3 | If condition is serious or unclear: Call 108 immediately and state location. Simultaneously call Transport Control Room: +91 98201 55555.                                                                                                                                                                                              |

|        |                                                                                                                                                                                                                 |
|--------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|        | <b>Stop at Safe Location</b>                                                                                                                                                                                    |
| STEP 4 | Driver stops bus at nearest safe point or drives to nearest hospital (Hiranandani Hospital: +91 22 2576 3599). Do not drive to school if hospital is closer.                                                    |
|        | <b>Notify Parents &amp; School</b>                                                                                                                                                                              |
| STEP 5 | Control Room calls parents immediately. School nurse notified. ERP alert sent to parents of student. Principal informed within 10 minutes.                                                                      |
|        | <b>Documentation</b>                                                                                                                                                                                            |
| STEP 6 | Escort completes Medical Incident Form within 2 hours. Parents receive copy of incident report. School nurse reviews student's medical history. If pattern of medical incidents: SENCO and counsellor notified. |

**SOP-T-05: Severe Weather / Natural Disaster (Flood, Cyclone, Earthquake)**

|        |                                                                                                                                                                                                                                                          |
|--------|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
|        | <b>Monitoring &amp; Decision</b>                                                                                                                                                                                                                         |
| STEP 1 | Transport In-charge monitors IMD/BMC alerts from 5 AM on school days during monsoon season. Red Alert (BMC): School transport suspended — decision by 6:30 AM. Orange Alert: Reduced schedule; Zone C buses suspended — decision by 6:30 AM.             |
|        | <b>Parent Communication</b>                                                                                                                                                                                                                              |
| STEP 2 | ERP bulk SMS + push notification sent by 7:00 AM: 'Due to [weather condition / Red Alert], school buses are SUSPENDED / DELAYED today. Please make alternative arrangements. School remains open / closed.'                                              |
|        | <b>En Route Emergency (Bus already moving)</b>                                                                                                                                                                                                           |
| STEP 3 | If flood water, fallen tree or road blockage encountered: Driver stops immediately. Calls Control Room. Control Room identifies alternate route or nearest safe building (school/hospital/police station). Students never crossed through flooded roads. |
|        | <b>Student Safety at School</b>                                                                                                                                                                                                                          |
| STEP 4 | If students are at school and transport is suspended: Students remain in school under teacher supervision. Parents notified to collect students. Students not released to unverified adults.                                                             |
|        | <b>Post-Event Protocol</b>                                                                                                                                                                                                                               |
| STEP 5 | All buses inspected before resuming service after severe weather event. Routes assessed for road damage. Alternate routes activated if needed. Incident report filed with Principal and Trust.                                                           |

**7.1 SOP Quick Reference Card (For Escort — Laminated, Carried at All Times)**

| Situation            | Immediate Action                                            | Call First               | Do NOT                                             |
|----------------------|-------------------------------------------------------------|--------------------------|----------------------------------------------------|
| Accident / Collision | Hazard lights ON; keep students seated; do NOT move injured | 108 → 100 → Control Room | Move students with head/neck injuries; leave scene |
| Breakdown            | Park safely left; hazard lights ON; keep students on bus    | Control Room first       | Let students out on highway; panic                 |

| Situation                    | Immediate Action                                                  | Call First                    | Do NOT                                      |
|------------------------------|-------------------------------------------------------------------|-------------------------------|---------------------------------------------|
| Fire on Bus                  | Stop immediately; open ALL doors; evacuate to 50m away; roll call | 101 → Control Room → 112      | Use water on electrical fire; re-enter bus  |
| Missing Student              | Check all seats; call last stop parent; call Control Room         | Control Room → Parent → 100   | Wait to see if student appears on their own |
| Medical Emergency            | Administer first aid; check student medical card on pass          | 108 → Control Room            | Give food/water to unconscious student      |
| Flood / Road Blocked         | Stop; do not enter water; call Control Room for alternate route   | Control Room → Parent         | Drive through floodwater                    |
| Violent / Threatening Person | Keep students calm; lock doors; drive to nearest police station   | 112 → Control Room            | Engage with aggressor; open doors           |
| Earthquake (bus moving)      | Stop away from buildings/bridges; keep students inside; assess    | Control Room → 108 if injured | Park under flyover or near tall structure   |

## 7.2 Transport Incident Reporting Requirements

|                             |                                                                                                                        |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------|
| <b>Incident Log Book</b>    | Driver + Escort maintain a physical Bus Log Book; every incident, delay, and observation recorded with date/time       |
| <b>ERP Reporting</b>        | All incidents logged in ERP Transport Module within 2 hours by Transport In-charge                                     |
| <b>Incident Report Form</b> | Formal report submitted to Principal within 24 hours for: accidents, medical emergencies, misconduct, missing students |
| <b>CBSE Reporting</b>       | Accidents involving injury reported to CBSE Regional Office within 48 hours (CBSE Affiliation Byelaw 10.9)             |
| <b>Police FIR</b>           | Required for: accidents causing injury/death, theft, missing student, violent incidents                                |
| <b>Insurance Claim</b>      | Initiated by Finance Manager within 72 hours of accident; supported by FIR + Incident Report + photos                  |
| <b>Parent Debrief</b>       | Principal or VP personally calls parents of affected students after any serious incident                               |
| <b>Review Meeting</b>       | Any Red-level incident triggers Transport Safety Review meeting within 5 working days                                  |
